A guide to the legendary collection of GW2 armor and crafting. Last updated June 21, 2016 By Messenger Armor I: Experimental Armor to unlock this collection, you will need to kill the raid boss in any of the 3 wings of the raid. Completing it will reward you with 5 AP and a set of Ascended Armor (Experimental Armor). Infused Living Crystal Raid Wing: 1 Time is closed: No can be done in a clear case: Yes first you need to purchase a living crystal from the hidden elements of the Earth in tangled depths. This is the same land of elementary protection that Pride of Whitebeard II Strongbox. If you forget how to get to it, consult with this guide. Killing the land of elementary (solo, maybe easier with two players) will provide you with a living crystal in your inventory if you unlocked the collection. If you have a live crystal, go kill the Vale Guardian or find a cleaned specimen and interact with the destroyed Pylon in the Guardian Valley fight area (the dialogue window will pop up) to get an infused version of the living crystal. Infused Soul Mirror Reid Wing: 1 Time closed: No can be done in a purified copy: No, you'll find Burnisher Kengo in Northwatch Aura Basin - BN0HAAA. It may not always be there if there are events running so check back later if it doesn't exist. Talking to him will give you the Mirror of the Soul. If you have a Soul Mirror, you should be part of a raid that is ready to make a spectral torch run. This after clearing the Vale Guardian, there will be a couple of ghost events that need to be finished and clear before you encounter the spectral torch right in front of the part where your raid needs to slide. One person has to carry this torch all the way up to the area right in front of Gorseval without dropping it or getting knocked down. You can then interact with the final lit torch right in front of Goreceval to get the Soul Mirror penetrated. Auric Energy Crystal Reid Wing: 1 Time closed: No can be done in a purified instance: No, once you've defeated vale Guardian, you can plunder the crystal energy from the boss's chest. With an energy crystal in hand, go to the inner chamber in the Auric pool. You have to make parts of HoT's personal history that allow you to access the Inner Camera. You can fall into a pit in the center of Tarir and then take the portal to the Inner Chamber. The approach to the inner chamber's central platform with an energy crystal in your inventory will provide you with an Auric energy crystal. Spirit Weave Wing Raid: 1 Time Closed: Yes (5 Weeks) Can be done in a purified copy: No, you can get Spirit Themes out of Gorseval's chest once you've defeated it. With the Spiritual Thread in your inventory, you have to make a meta event for Chuck Gerent in tangled depths, and once you kill one of Gerent, it will turn your The Thread of the Spirit in the Energetic Streaming Thread of the Spirit. The Chuck Gerent meta event takes place every 2 hours in 30 minutes after an hour near the Lei Line merger merger – «BPUHAAA». Use the card timer to see when Chuck Gerent is up. In each of the four lanes there is Chuck Gerent. You don't need to succeed in the meta event of Chuck Gerent to get the conversion, as long as you manage to kill Gerent. To do this quickly, you can tag all 4 Chuck Gerents in a meta event. You can only get 1 Spirit Thread per week, so it will take you 5 weeks to get 5 Energetic Spirit Themes. If you have all 5 you can double click on them to make Spirit Weave. Coagulated Ectoplasm Raid Wing: 1, 2, 3 Time closed: Yes (RNG) Can be done in a purified instance: Yes, you should get 10 ectoplasmic residues from various chests to loot in all 3 wings. They are not guaranteed drops from the chest and chests you need are on a weekly reboot, so it will take a few weeks to get everything. If you have all 10 remnants of ectoplasm you can double-click on them and form a Coagulated Ectoplasm. In Spirit Vale 4 chest. The first chest brazier right in front of Gorseval, you need to make a spectral torch run to unlock the chest. This rib cage cannot be obtained in a purified specimen. The second breast is right at first, use a bouncing fungus to get up and then slide towards the chest. The third breast can be obtained by sliding from the second breast and then falling off the platform. Fourth breast after Sabet, right in front of the portal in Wing 2. The core of the Flame Raid Wing: 1 Time is closed: No can be done in a purified copy: No Loot is from the boss's chest from Sabetha saboteur. Arcane Dust Wing Raid: 2 Time closed: No can be done in a purified copy: No Loot Bloodstone powder from Matthias breast boss. Then head to the Inner Chamber of the Aurika Basin again and make the Adventure Sanctum Scramble. You don't need to win in the adventure, but the chest you need at the end of it and the ability of the adventure to give you help you get it faster. The breast will give you a powdered aurillum, which you can combine with bloodstone powder to form Arcane dust. Mushroom Medley Raid Wing: 2 Time closed: No can be done in a purified copy: No first you need a noxious Mushroom Cap from winning The Slothasor. Then go to the Tangled Depths and make an event of the Mushroom Emperor. You have to take the left of the Order of Whisper waypoint and drop down the hole. If you have these two, find Orrian Truffle and Sawgill Mushroom from your jar or buy them from TP. Double tap any of them to form a Medley Mushroom. Giant hive wing raid: 2 Time closed: No can be done in a cleaned copy: Yes to the left of the gangster trio camp there is a large tree stairs winding around him. At the very top of the stairs, look up and you will see a giant hive. Use range attacks to him, and he would fall lower. Interact with it to get collectible items. Vial Forgotten Thicket Waters Raid Wing: 2 Time Closed: Can't be done in a purified copy: No After defeating Matthias, walk to one of the four fountains in the room and interact with it. Bloodstone Battery (charged) Raid Wing: 3 Time closed: No can be done in a cleaned copy: No Loot Bloodstone battery (empty) out of the chest after defeating MacLeod Silent. If you have this item in your inventory, travel to the Rata Novus area of confusing depth - BAMIAAA. Soul Keep Wing Raid: 3 Time Closed: No can be done in a purified copy: No Loot Stone Soul from The Boss's Chest After The Victory Of Keep Construct. If you have an item in your inventory, go to the confusing depths and find Chuck Slinger/Lobber that slings that goop. Stand in the goop and click on the Stone Soul in your inventory and you will get Soul Keep. Exhausted Aurillum Raid Wing: 3 Time closed: Can't be done in a purified copy: No, you need to get a polish Aurillum from Scavenger Rakatin, which is a fraction of provisions in the Westwatch Auric Pool. Although this positive effect is active, you have to kill Keep Construct and Boss's chest to get the Spirit Row (if you you Keep Construct already this week and therefore have no right to boss to rob, you need to wait for a weekly reboot). Besure re-effects this positive immediately after each swipe as the application of it during the fight does not seem to work according to some players. Blood infused ectoplasma wing raid: 3 Time closed: Yes (RNG) Can be done in a purified copy: No this ectoplasm can be plundered as an accidental fall of three chests inside a twisted castle maze. The rate of fall is not so high, so it may take a few weeks to get it.
