Kane Kane (Darkin) Jungle S10: Build, Run and Stuff - LoL Guide Updated 06 December 2018 By MGG Guide Kane in the form of Darkin Jungle League Legends season 10 - Find our builds, run and tips for playing Shadow Reaper, which costs 6300 Blue Essences. Assembling for Darkin Jungle Kayn in dark form Darkin plays the role of a tank and bruiser. Its equipment should allow you to inflict heavy damage on the enemy team and stay alive as far as possible. Tabi Ninja shoes and Mercury sandals are the best shoes for Darkin, take the ones that are best to resist the enemy team. Mobility boots should only be purchased if you want to make yourself a very gift for your allies. With the E - Wall Pass, you can travel long distances in a very short time. The basic elements of the AD Warrior Jungle item is a must, finish it as soon as possible. The Sabre Shooter can allow you to win your 1v1 at the start of the game. Tracker Blade allows you to damage your enemies to target them with an R - a dark intrusion into the process. Black Cutdown brings to Kayn, PV, CDR and rapid armor penetration. The Dance of Death gives you great regeneration and resistance to enemy queues. Be very careful not to die during the R - Dark invasion due to delayed damage. Situational Elements Spiritual Person Synergy is very good with the Darkin kit, increasing all your care! The Guardian Angel will allow you to put off even more during team fights. Don't forget to use the timer in advance. The Dead, Cotte Spiny and Randuin's Omen are all interesting armor. The death plate will increase your speed from the battle; Spiny Cotte will greatly penalize ADCs that target you; Randuin's foreshadowing will slow down enemies and reduce critical hit damage. How to play Kane Darkin? Kane has the ability to turn into Darkin by killing melee champions, decide to gang priority this type of enemy to accelerate your transformation. He usually starts in the Blue Sentinel when he starts on the blue side, and on the Red Roncier when he is on the red side, so he can quickly finish camp with the help of ADC and support. You can also start alone on Corbyns or Wolves. Its main asset for gank priority is the E - Passe Muraille, which allows it to cross the walls. Wait until you pass Level 3 to maximize your chances of success. Level 1: Choose - A brutal crop to help you kill jungle monsters. Level 2: Watch out for possible enemy jungle intrusion, mount q - Dark Notch, which deals with multi-purpose slowdown, and zone damage. Level 3: E Passe Muraille allows you to cross walls. The first impact of the wall makes life, and if you take damage or the delay ends until you cross the obstacle, you get out of it. During the team battles you will have to tank and support allied to carry. Controlling the Darkin zone, regeneration, and ultimate will make him a priority target opponent. Its R - Dark invasion makes it uncrowded for 2.5 seconds, feel free to initiate a team fight and take all the opposite attention knowing that you can put off with your ultimate. Match-ups Tips - Tips Use Your - a brutal crop to get to the melee of your goal, dodge a spell or cross a wall. In - Dark Notch can be used during your E - Wall Pass, do not come out of the wall, creating an unexpected effect in your enemies. His E-Wall Pass run and his zone spell set make him one of the best split-offs in the game; Your regeneration, damage and tanks will force the opposing team to send several opponents to confront you. Reactivation R - Dark invasion, you can get out of the target without having to wait 2.5 seconds. Use R - Dark Invasion to follow the enemy in teleportation, dodge a deadly spell, or delay command combat action.
