Mass fire academy skill sheets

The Commission on Fire Prevention and Control is making available Certification Practical Examination Skill Sheets in electronic format to more effectively distribute to the Connecticut Fire Service. This will allow all candidates for certification to have an opportunity to thoroughly review the appropriate skills evaluation sheets prior to participating in a practical skills examination. The links listed below will take you to the respective folder where the skills sheets are presented in Adobe PDF format convenient for downloading and copying. Below please find a press release on the Massachusetts Firefighting Academy Graduation, Friday, November 3, 2017.Photo: Methuen Fire Department Graduates: Jamison Kattar (left) and John McCarthyQuote from Methuen Fire Chief Tim Sheehy: "Graduating from the Massachusetts Firefighting Academy takes great perseverance, drive, and intelligence. We are proud of Both Jamison Kattar and John McCarthy, and look forward to welcoming them to the ranks of the Methuen Fire Department. We know that they have the training and skills to be successful in serving our community."33 Local Firefighters Graduate State Firefighting AcademySTOW – State Fire Marshal Peter J. Ostroskey and Massachusetts Firefighting Academy Director David C. Evans announced the graduation of the 258th class of the Massachusetts Firefighting Academy's fifty-day Career Recruit Firefighter Training Program on November 3, 2017. "This rigorous professional training provides our newest firefighters with the basic skills to perform their jobs effectively and safely," said State Fire Marshal Peter J. Ostroskey. The Massachusetts Firefighting Academy (MFA), a division of the Department of Fire Services, offers this program tuition-free. The ceremony took place at the Department of Fire Services in Stow, MA.33 Graduates from 18 Fire DepartmentsThe 33 graduates, two women and 31 men, represent the 18 fire departments of: Burlington, Chelsea, Danvers, Fairhaven, Gardner, Hull, Lynnfield, Marshfield, Methuen, New Bedford, Norton, Reading, Somerville, Tewksbury, Truro, Watertown, Winchester, and Weymouth.Guest Speaker: Weymouth Deputy Chief Thomas MurphyThe guest speaker was Weymouth Fire Deputy Chief Thomas Murphy, a 20-year veteran of the fire service and a former U.S. Navy submariner. He holds an Associate's degree in fire science, is working on his Bachelor's degree and is a credentialed fire chief. Deputy Murphy, the son of a Boston firefighter who died in the line of duty, spoke to the graduates about how this is the beginning not the end of their career studies, and how hard the firefighting profession can be on families.Today's Firefighters Do Far More than Fight FiresToday's firefighters do far more than fight fires. They are the first ones called to respond to chemical and environmental emergencies, ranging from the suspected presence of carbon monoxide to a gas leak. They may be called to rescue a child who has fallen through the ice or who has locked himself in a bathroom. They rescue people from stalled elevators and those who are trapped in vehicle crashes. They test and maintain their equipment including self-contained breathing apparatus (SCBA), hydrants, hoses, power tools, and apparatus.At the Massachusetts Firefighting Academy they learn all these skills and more from certified fire instructors who are also experienced firefighters. Students learn all the basic skills they need to respond to fires and to contain and control them. They are also given training in public fire education, hazardous material incident mitigation, flammable liquids, stress management, confined space rescue techniques, and rappelling. The intensive, ten-week program for municipal firefighters involves classroom instruction, physical fitness training, firefighter skills training, and live firefighting practice.Basic Firefighter SkillsStudents receive classroom training in all basic firefighter skills. They practice first under non-fire conditions and then during controlled fire conditions. To graduate, students must demonstrate proficiency in life safety, search and rescue, ladder operations, water supply, pump operation, and fire attack. Fire attack operations range from mailbox fires to multiple-floor or multiple-room structural fires. Upon successful completion of the Recruit Program all students have met national standards of National Fire Protection Association 1001 and are certified to the level of Firefighter I and II, and Hazardous Materials First Responder Operational Level by the Massachusetts Fire Training Council, which is accredited by the National Board on Fire Service Professional Qualifications. Register for Firefighter Exams See how the site works Firefighter Exam Tour "Passing my fire fighting test was very important and I am glad I found your website. Thanks for answering all my questions " Ryan Post Falls, Idaho. The Massachusetts Fire Training Council (MFTC) is the sole certifying agency for the certification and training of all levels of fire service personnel within the Commonwealth. The Governor appoints the council. The council discusses and develops policies which drive certification. The Massachusetts Firefighting Academy (MFA) is the operational arm of the council. It develops exams to various professional qualification standards. It also administers the exams and documents all activities of certification candidates. The Massachusetts Public Safety Fire Investigator Certification Coalition (MPSFICC) has three members from: the Massachusetts Fire Training Council, the Massachusetts State Police, and the Massachusetts Criminal Justice Training Council. The coalition is under the authority of the Secretary of Public Safety and Security. It develops policies that direct fire investigator credentialing. The MFA is the operational arm of the coalition. The coalition is developing a fire investigator credential for public safety personnel. Firefighter certification stimulates professional development in the Massachusetts fire service. Firefighters use professional knowledge, skills, and abilities to meet qualifications for certification. Certification is voluntary. Some fire departments may require some levels of certification. Under Massachusetts General Law Chapter 670, Section 165A, the MFTC administers Massachusetts fire service certification. The MFTC includes representatives of major Massachusetts fire service organizations and citizens. This pamphlet describes the Massachusetts Fire Service Certification process. Log onto the DFS Learning Management System to: Learn more about the certification process. Sign up for an exam. See all 12 Fire departments or training districts can request a certification exam. Use this Course Request Form. Submit requests at least 60 days before the exam date. We approve requests based on the availability of facilities, funding and personnel. MFA reviews and approves requests on a first come, first serve basis. We reserve the right to: change, add candidates, and combine approved dates, locations, and times based on the number of applicants. We have exam notification lists for all levels. Students on the list are emailed each time we schedule an exam. Classroom capacities are reduced due to the pandemic. We use the notification lists to schedule exams at one of our three campuses, based on student needs. We run two open written exams each month. Log into your LMS account to apply.
