If you're still looking for a photographer, don't look any further. Coco is the most amazing person in the world to work with, and we will forever trust her and her team to capture the centuries important family. She made everything about our photos very easy - from our engagement photo shoot to our wedding and reception in Thousand Oaks. Coco has such a beautiful personality that makes it fun!) Our family adored her and the second photographer she brought with us, we had all the photos we hoped for and for and she makes it fun!) Our family adored her and the second photographer she brought with us, we had all the photos we hoped for and she more, and Coco went above and beyond to capture every little detail. Even those we didn't think of. Her pictures are absolutely stunning, and we can't wait for the next life event that we can have pictures of her!! Sent to 08/07/2019 Andrea · Married on 24/08/2018 Service quality: Meet: Value: Flexibility: Professionalism: There is not enough room to praise Coco more! I may be biased, as I've known her for 10 years, but it wasn't until our engagement shoot last year and then our wedding last month that I was her subject – dreams come true. She is so lovely to work with, from the booking process (she is SO helpful!) to her shot, I always felt like I was in good hands. She has this incredible way of making you feel comfortable and beautiful and never awkward (which a lot of photographers do). She has infinite energy and it's amazing. I can't imagine anyone else capturing such important moments in our lives. You really can't go wrong with Coco! I've used coco for family photos many times and she exceeded my expectations for my wedding. I wouldn't trust anyone else to take my wedding or special occasion photos!
