Download the 2020 Subaru OutbackManual Description Description To activate the defogger and deicer system, click on the rear window and the defogger's external mirror button. The rear window defogger, external mirrored defogger and windshield wiper deicer are activated simultaneously. The light light on the button lights up while the defogger and deicer system is activated. To turn them off, click again. They are also turned off when the ignition switch is turned on in the ACC or LOCK/OFF position. The defogger and deicer system automatically shuts down after about 15 minutes. If the rear and outer mirrors have been cleaned and the rubber wipers have been completely iced up to this time, press the button to turn them off. If the defrosting, defrosting or icing is not complete, you should press the button to turn them on again. 22.
