Swtor trooper armor reddit

Hey, guys, I'm level 29, and whatever I do, I can't find anything good. I see other F2P players hanging around in great looking avant-garde and commando armor on fewer levels than me, and I'm stuck looking like I'm back on Ord Mantell. Any tips on where to look? 2. 2. Reviews I'm going to be a comanchick healer. I'm not happy with the armor I have right now. Can anyone post pictures from there, commandos? To see that everyone's using armor. Thanks in advanceEDIT ** Thanks for all the pictures!! **Page 2 Reviews Hey guys, I'm thinking of leveling the soldier's vanguard after I finish the wizard who's at 41 now, the soldier's story is one I've never tried, and I just bought Bowcaster from the 100CC :) But I was wondering that instead of wearing the armor, are there any cool adaptive armor that looks good on the soldier? Any of you have adaptive armor on your soldiers? all set ideas will be evaluatedPage 2 17 comments I understand why this is going to take the back of the bus because we have Republican soldiers, but can you get us some imperial military armor? As the main collection, just recolor this and call armageddon battalion Trooper Armor, and take the L.L. Pierce set original armor add the small backpack and call it Black Ops Armor. And none of the flashing lights are set armor Page 2 Reviews I'm looking for inspiration for your favorite pushes, please. I've reviewed TORFashion extensively, but I'll be interested in my favorites. Most troopers [including mine] have some version of Republic Trooper Uniform, but would I like to see some more interesting teams? Thanks for all ideas.PS new features: Since 5.0, is DPS Commando still required to use Assault Cannons for best results? 2. 2.
