Your usual old mop bucket with a bell ringer doesn't really clear your head mops. They don't actually get all the dirty water out of the mop head. Now there is a smarter way to clean up. Hurricane® Spin Mop is a must-have floor cleaner to keep in your arsenal of cleaning tool. Spin Mop has a patented mop bucket that uses centrifugal force, scattering dirty, germ-filled mop microfibre water. Just place a dirty mops head in the basket, press the pedal and you are left with a clean head of microfiber. With the lightweight, 360-degree rotating and swivel structure of the spin mop, you can easily mop under the closest gaps of furniture and get into every corner and crack. Hurricane® head of the Microfibre Spin Mop makes it a perfect hardwood floor mop. It's gentle on your floors, but dirt! He also holds 10x of his weight. Did you clean up? Just put the machine-heavy microfiber head in the wash. You will have a really clean head mop every time you clean. No more touching dirty, insecure, disgusting mops and no more getting on your hands and knees. WHAT ARE THE DIMENSIONS OF A HURRICANE SPIN MOP? Mop Head: Approximately 11-inch diameter X 2-inch ladle: 17,875 inches L X 7.875 inch W X 10.25 inches H SOMETHING COLOR HURRICANE SPIN MOP? The head of the microfibre mop is white attached to a blue disk with a silver metal pole. The bucket is blue with a white handle and basket spin. HOW DO I PUT A MOP PEN TOGETHER? To assemble the handle, connect points A to A and B to B, then screw the component handle as tightly as possible while you hear CLICK! You should hear the ringing about 5 - 9 times. It can take up to 20 turns to completely tighten the handle. HOW DO I REMOVE THE HEAD OF MOP MICROFIBERS? To remove the head mop, step on the strands of the moop head near the disc, but be careful not to step on the drive. Push the handle away from the body to separate the head mops. HOW TO CLEAN THE HEAD OF A MOP? You can easily clean the head of the mop by tossing it into the washing machine. DO NOT put in an automatic dryer. HOW TO REPLACE THE HEAD OF A MOP? Attach the head of the mop, placing it on the floor and leveling the mop disc and the top of the mop of the head. Push down until the mops head clicks into place. WHAT'S THE DIFFERENCE BETWEEN A SUITE AND A STANDARD HURRICANE MOP? Deluxe Hurricane Mop contains a water agitator who agitates the head to release dirt and debris as you rinse it down below The standard version of Hurricane Mop does not contain this water agitator. Limited time - Double your order! Mop and bucket system back Away Gergy, Dirty Water disinfecting floors as simple as Dunk and Spins!n your mop is a dirty, gerb-filled mess? Do you hate running out of unsanitary hoe with your hands? Do you want your home clean and disinfected? Meet the next generation hurricane® 360 Spin Mop, just a mop and bucket that spin germs-filled mud away. Mop backs to pick up the most dirt by walking in the corners and around the toilets. The Spin Mop lies flat, so you never have to bend over while keeping your back. The super-absorbing head lifts the 10X up its weight in the dirt and unsanitary fluid, trapping it so that it is inside so that it does not drip. To clean it, just put it in a bucket and, like magic, it just spins off the dirt away! You never touch a mop or germ-filled water. But cleaning and disinfecting the food continues to arrive. Add your favorite cleaner or bleach to the bucket spin and you can sanitize your entire home. The Spin Mop works on any hard surface and it will never leave scratches or stripes. No more touching dirty, insecure, disgusting mops and no more getting on your hands and knees. Get just a mop that features spinning action and a revolutionary spinning bucket!
