We have a really large collection of customizable launchers for you. You can choose any Fitting for your mobile phone to customize your home screen as you want. But the iphone launcher is the most famous and highly rated on the android market. Launch of the iPhone 6 Apk Free download for Android Latest there are many users who like Android over the iPhone because of the great customizable functionality. Different launchers will change label icons, change the docking buttons at the bottom of the phone and change the way the phone moves between home screens. Paid and free versions (having ads) of all these and many other launchers are in the Android Marketplace providing various websites and Google Play Store. There is no need to hack anything or eradicate your cell phone to install this launcher in the iphone, all the user has to do is download the launcher from Apple iphone Launchers and install it in your cell phone. Also Download: Running iPhone Apk for Android If you need to change the launcher you need to press the home button Android system will ask the user to choose which launcher they want to use, and you can use the default launcher and launcher iphone 6, it depends on your own choice. Users should try a few and go with one that fits their needs best. Direct Link Download If you have installed a launcher and are not aware of how you can customize your home screen using the iPhone 6 App launcher. Don't worry, it's a big problem that everyone faces. Here I will tell you some of the most important features of the Launcher iPhone 6 Apk and share techniques on how you can just use these launchers on your mobile phone. One of the main features of launcher iphone 6 for Android, it will change every icon, every background and completely change the look of your home screen and dock settings. You can customize them as you want. Docking settings are mainly used for shortcuts as you can install them as flash lights, contacts, camera, voice recording, or connect to any app that you use basically. You don't need to search the app every time you can just add them to the docking setup and use it with just a tap to your home screen. No doubt the 8 launcher iphone will vary around everything in your mobile phone, but some specific parts of your mobile phone that will be the pristine launch iphone theme. Do you want to know what those things are that are intact by any launcher? These things are bar notifications, certain app icons and a lock screen. You have to customize your Rom file if you want to customize them. There are many launchers that are not compatible with any theme. So you should only use themes that look good and compatible with your launcher. Mainly the topics of importance by The launchers are good looking and easily customizable. Now you need to know about the main features of the launchers. I Launcher iPhone 6 Features Awesome Free Theme iPhone 6 Plus launcherProvides extra good looking free themes. Large storage of free HD HD wallpapers A large collection of wallpapers added to the launcher used to customize the settings Screen. DIY HD wallpaper you can create your own customized HD wallpaper with this launcher. Shortcut for Contacts Easily available shortcuts to go to contacts. Manage your app you can easily manage apps such as organizing apps in your folder, changing the place of action of apps and other actions. The toolbox is the most important feature to get all your important apps in one box. Basically people like to put flash lights, contacts, favorite game and app in their tool box for quick access. FAST launcher iphone 6 Plus is fast enough and have all the features that I listed below to make your mobile faster. Phone Booster Memory Boost Speed Boost Smart Folder Notice Reminder SECURE Security and Privacy Issues. This best and free launcher will give you security as much as you want. Here are the latest features that no launcher provides. Lock Screen AppLock Attacker Selfie Hide the Anti-Theft Protection app You can boost your mobile looking by launching the iphone 6 app and customize it as you want. Here are some other features that can make your mobile look more attractive. Customized Interface Themes - Icon Pack Center 3D Animation Effects 3D Themes - Live WALLPAPER DIY theme DOWNLOAD Results 1 - 10 of 92 Prev 1 2 3 4 5 Next FOLLOW USA i6 Plus Launcher is a launcher that allows you to make your Android look like an iPhone 6. Unlike other similar applications, the result is actually quite convincing. The app basically displays a layout that is almost identical to the iPhone 6. This means that it has shortcuts for the gallery, browser, email and camera at the bottom of the screen, while the rest of the icons are displayed on the desktop in the same style as iOS. In terms of settings, the i6 Plus Launcher is a little lacking. There are very few customization options, although they are not really necessary, since the overall look is pretty good. The i6 Plus Launcher is a good launcher that gives you the look you want on your Android device. iPhone 6 for fun. Now you can find the iPhone 5 with iOS7 in the device you'r android. This fake iPhone feel, act as really iOS7 on an android device. iPhone 6 launcher is not a dummy app This is a launcher app. Have fun with your friends thinking you have an iPhone with iOS 7 All your apps are easily available - just flip the horizontal and vertical screen across to view more pages.
