## Bamboo back scratcher dollar tree

When you purchase something through our retail links, we may earn commission, and the retailer may receive certain data that may be audited for accounting purposes. From time to time, everyone gets annoying back itches that fall right where you can't reach them. You know the people we mean. They make you twist yourself into all kinds of shapes, trying to allow your arms to bend in a way that's just not physically possible. Or you try the 'bear method' to back yourself up against something and move yourself up and down in a blanket-style attempt to deal with the culprit itching. If that sounds all too familiar, it's time to invest in a made-for-purpose back scratcher. By expanding the range of your arms, the back scrapers provide relief in a matter of seconds. Plus, many of the available devices also provide additional benefits, including massage-like pressure, which can improve local blood flow, exfoliate your skin and generally deliver an experience that is calming and de-stressing. These back scrapers are really a win all round. To help you get rid of those annoying clubs with ease, we've put together a list of the 11 best back scrapers available right now. Every opportunity will get the job done, so you can't go wrong. But some have entertaining designs, handy massage elements or collapsible capabilities for maximum portability. Whatever your needs, check out these 11 practical options and find the right choice for you. Once extended, this scratcher measures an impressive 27 inches long, delivering plenty of range for even the tallest users. The sturdy stainless steel building gives the razor a durable quality, while the non-slip rubber handle keeps you comfortable and in control during use. Pros: Flaker-L Back Scratcher's telescopic capabilities make it easy to take with you anywhere. Cons: The limited main space on the razor means it can take longer to find and soothe your claws. Image courtesy of Amazon Buy: Flanker-L Extendable Back Scratcher \$8.70 The WOYTE Bear Claw Telescopic Back Scratcher is an attractive device which is available in a selection of red, black or blue. It sports a unique, claw-like design that helps get rid of claws faster than your average razor. Plus, the scraper sports a rubber grip for comfort and safety during use as well as a stainless steel retractable rod, which makes this a great option for them after a portable option. Pros: The claw-like design of this back scratcher is quicker to relieve claws than the average back scratcher. Cons: The plastic construction is less durable than others on our list. Image courtesy of Amazon Buy: WOYTE Bear Claw Telescopic Back Scratcher \$8.99 Looking for a slightly different take on the traditional back scratcher? The bear back may be the tool for you. Instead of teeth, Scratcher head sports a series of oversized oversized provide a comprehensive but comfortable way to handle scratches. Working the brush all over your body, in addition to your back, delivers a comfortable feel that benefits your skin through exfoliation and improved circulation. Pros: The oversized bristles of Bearback Back Scratcher offer a comprehensive but enjoyable experience. Cons: The bulky construction is more difficult to store than others on our list. Image courtesy of Amazon Buy: Bearback Back Scratcher \$22.97 ComboO Long Back Scratcher is multi-tool response to rid yourself of those annoying back scratches. At one end you will find a traditional back scrape, shaped like a small hand with five fingers ready to scratch your back. On the other hand, there are four rolling wheels that can be used to deliver an enjoyable body massage. This combo stick is constructed from a hard and durable plastic, which is available in two colors and finished with a wood-like appearance. Pros: This back scraper can also be used as a massager thanks to the included rolling wheels. Cons: Because each end of this scratcher has a tool on it, there is not a comfortable handle to hold onto. Picture courtesy of Amazon Buy: COMBOO Long Back Scratcher \$9.99 Inside this BambooWorx Body Relaxation Massager Set, you'll find four different tools to scratch and massage your back. Each of the four tools is made of 100% bamboo wood and has a handy hanging loop for easy storage. The set includes a thin massager, a ball massager, a rolling wheel massager and a standard style scratcher. The set is presented in an attractive box, making it a great gift option for friends and family. Pros: This set contains four different tools that can be used for a variety of back pain. Cons: You may need more than one tool from this set to complete the back scratches you need. Image courtesy of Amazon Buy: BambooWorx Body Relaxation Massager Set \$14.99 Put a smile on someone's face today by giving them this back scraper. Maple Landmark Owl Back Scratcher contains a taloned owl at one end to make it scrape, as well as the words, Owl I want, are a backscratch, written across the 17.5-inch handle. The device is made of beautiful hardwood and shone up thanks to a plant-based finish. As an added bonus, this back scratcher is made in the US. Pros: This made-in-the-USA back scratcher contains a taloned owl at one end as well as a witty saying, making it a great anytime gift for someone you care about. Image courtesy of Amazon Buy: Maple Landmark Owl Back Scratcher \$7.19 If you're looking for a back scratcher that's as beautiful as it is functional, consider Padauk Back Massager. This elegant elegant is made of Chinese rosewood and finished with a natural oil. Thanks to its robust construction, it will last for years of back scratches. The wooden scrapers themselves are handmade and sanded to fit the baskets of your hand. Because of this practical approach to manufacturing, each of these scrapers is different from each other. Advantages: This premium back scratcher is made of a durable rosewood and finished with a dark, natural oil to create a product that is both functional and elegant. Cons: The 16 inch length of this back scratcher means it is shorter than some of the other devices on this list. Image courtesy of Amazon Buy: Attom Tech Health Padauk Wood Back Massager Sometimes a stick-like back scratcher doesn't quite do the job, especially if you need something you can easily carry with you. That's where cactus back scratcher comes into town. This travel-size device holds its scratcher, which boasts both aggressive and moderate spikes, on a malleable rope between two power grip ball handles. Thanks to this design, this scraper can help you reach any itch across your body, and you don't even have to reach back or over your shoulder to do so. Finally, this scratcher is available in five different colors, from blue to yellow, to suit your personality. Pros: This back scratcher does up with the traditional stick-like design in favor of a more flexible, rope-like option that is much more comfortable to use. Cons: While the design is certainly inventive, it requires two hands to use, while most back scrapers only necessitate the use of one hand. Image courtesy of Amazon Buy: Cactus Back Scratcher Travel Size \$9.99 For some, reaching a stick over the shoulder to scratch their back is an impossibility due to shoulder injuries, arm weakness or other debilitating illnesses. Such people will enjoy using Kinsman Enterprises Reach N Scratch Plastic Finger. This back scratcher boasts a long, 24-inch handle that bends so the user can reach every inch of the back without painful arm movements. Plus, the end of the scratcher has a molded plastic finger to make this scratcher feel like the real thing. Pros: The bendable 24 handle means that this back scraping is easy to use with minimal arm movement. Cons: The fact that the handle is pliable often means that you won't enjoy the same pressure on your back itching when using this scratcher. Image courtesy of Amazon Buy: Kinsman Enterprises Reach N Scratch Plastic Finger \$15.21 While most back scrapers are light enough to travel with you anywhere, they tend to be awkward in shape. Reach That Itch Folding Back Scratcher solves this problem by folding in thirds. It is made of high-impact ABS plastic, so it won't bend or twist away during use and can withstand up to five pounds of pressure. device extends to 18 inches long to reach across your entire and comes with his own travel bag. Take it on holiday, keep it in the office or stow it in your car for the sudden itch you simply can't reach. Pros: This back scratcher is unique in that it has an 18-inch handle yet can be folded down to about six inches, making it ultra portable. Cons: The smaller than normal head may mean that your itching is harder to scratch or takes longer to relieve than with other devices. Picture courtesy of Amazon Buy: Well, that Itch Folding Back Scratcher \$28.95 Similar to a Body Brush, the Bulldog Back Scratcher is designed for use on bare skin. The head boasts sturdy nylon bristles across five inches for effective and enjoyable itching relief. In addition, this device has a 20 handle, which is one of the longest options in this list. In addition, this back scraper is made with hypoallergenic, vegan and cruelty-free materials. The company also does its best to keep plastic packaging to a minimum and ensure users that everything it ships is 100% recyclable. Pros: This back scratcher has one of the widest heads and longest handles available, which means it can scratch your claws efficiently and comfortably. Cons: The long handle and wide head mean that this brush is simply larger than many others, so it can be harder to store around the house for occasional use.
