It's really the perfect job. I signed up for one year. I am so excited and grateful to the X-VPN team for this work. Chat with x-VPN agent is also available. If I encounter any problem about X-vpn I contact the agent via chat and they react quickly. Wonderful use. Absolutely free with not so harmful restrictions and minimal advertising. No pop-ups, no videos, appropriate ad display, light and no big impact on the performance or speed of the Internet. It is important that the premium version is also not as high on the wallet. Fame developers works very well, but the main app does not allow the exclusion of applications, and will disable you every few If you pay. It makes it very disappointing. I don't know how an Iranian user can pay for it, while foreign payments and transactions are not possible in Iran. Features of X-VPN mod Apk?
