Click to download the Apk file. eFootball PES 2020 APK 5.0.0 (81 MB)eFootball PES 2020 OBB 5.0(1.4 GB) Additional information requires Android5.0 and up to ChoiceKONAMI developer eFootball PES 2020 is a football sports game with more more players than-something players and picture details, and players online and offline can have unique fun. Smooth game control, multiplayer tactics, fair play, real physical collisions and stress feedback, it's live football at your fingertips! - apkawarD.coM If you're a football fan, you've probably heard about Pro Soccer Evolution from developer Konami. This is a long-term series of football games on many platforms. Since 2001, the publisher has released a new version of PES every year with improvements in gameplay and graphics. PES has become FIFA's biggest competitor in the competition for the best football match on the market. This war will last for many years. As usual, every September Konami announces a new version of PES. However, there are big changes this year when they officially changed the name of the game to eFootball PES 2020. This change is considered to update the series that has been around for nearly 20 years. In addition, it marks the major changes that Konami will bring to this version. It's improved gameplay, more impressive graphics, more major tournaments, etc. Meanwhile, eFootball PES 2020 Mobile will also officially set a release date this October. While waiting for the mobile version of this game to be officially available on the app market, let's take a look at the new eFootball POINTS PES 2020 Mobile. In this article, we'll update the link to download this APK file as soon as it's available. So don't forget to bookmark this article! About eFootball PES 2020 MobileAfter for almost 20 years, the Pro Evolution Soccer brand has been replaced by a new name, eFootball PES. According to a speech by the head of the PES brand in Europe, the full title of this series will be eFootball: PES. Of course, Konami hasn't changed just because they like it. They aim for strong reforms to bring a new perspective to this football game series. Accordingly, eFootball PES will be focused on becoming an eSports with many tournaments around the world. In addition, the new name is a confirmation for PES fans that eSports will be an important part of this series in the future. In our opinion, this is the right direction for Konami, because the PES community has always been evaluated not as well as FIFA in the last few years. In addition, these changes will apply to the game version for smartphones eFootball PES 2020 Mobile.As it is expected eFootball: PES 2020 will be released on September 10 on PS4, Xbox One and PC platforms. Of course, the mobile version will also a few a few Later. eFootball PES 2020 Mobile will continue to bring a great experience for football fans with improved gameplay, better graphics and new game modes. Add new tournaments and new teamsInd last Konami has just announced a long-term contract with Manchester United Football Club. With the 2019-2020 season, Manchester United will be one of the ambassadors of eFootball: PES 2020 Mobile. With Manchester United's image rights, this can be considered an important step for Konami. You can easily understand this because MU is one of the largest clubs with a huge number of fans in the world of about 1 billion people. Just get the support of this fan, eFootball: PES 2020 Mobile will definitely get more success in the future. In addition, the company also signed an exclusive contract for the image of The Juventus Football Club. With this contract, eFootball: PES 2020 will own all Juventus images in the game, including team information, players, coaches, names, competition costumes, Allianz Stadium... This makes the name of the Juventus and the players of this team disappear completely from other football games. In addition, Konami will soon buy copyright images of Barcelona, Bayer Munich, Arsenal, Boca Juniors, etc. In terms of the tournament, eFootball has been decided to be much inferior to FIFA when they do not have many major tournaments. However, it will be different in eFootball: PES 2020 Mobile. They already have big leagues in Europe or the 2010 World Cup and the 2020 America's Cup.Improvements in gameplayeFootball: PES 2020 Mobile continues to deliver powerful improvements in gameplay and graphics. It promises to bring players the most realistic football experience. In terms of gameplay, Konami highlights two major changes to the Master League game mode and physical interaction in the game. The Master League will be completely rebuilt with a new and more attractive football management mechanism. This mode of play will be more and more realistic when imitating the almost perfect activities of a football club such as stadiums, training, transfer fees, salaries, events and even the relationship between the manager and the players. In addition, physical interaction will also be upgraded with many new improvements. Konami is more focused on the ball control mechanism. At the moment, players will have to learn to pass the ball most accurately. There will be deviations if you use too much force. In addition, the developer has also upgraded AI technology, especially defensive players. Defenders of the opponent will move more and more, which accurately imitates the tactics of many football clubs. Impressive graphics in terms of graphics, Konami continues to bring a new technology called Scan 3D. This allows almost perfect simulations of all players and brings them to the game. EFootball Player Simulation: PES 2020 will satisfy you. players such as hairstyle, tattoo, celebrate habit habits Very impressive and authentic. In addition, stadiums and spectators have also been designed in more detail and clarity. You can compete in many famous stadiums such as Old Trafford, Camp Nou, Emirates... to the applause of thousands of passionate fans. Are you ready for new experiences? Not only is the name change, eFootball: PES 2020 Mobile also brings you a lot of new improvements in gameplay and graphics. The game promises to convey to football fans the most realistic feeling.
