اللة عز وجل أن يعيهم على اجتياز الامتحانات في احسن الظروف والله ولي التوفيق . Important note: If you have BAC exams with a PDF correction, we invite you to send them to us to publish them on the site and thus allow the entire bachelor community to enjoy them :) Materials Lists: Mathematics Sciences Of Physical Sciences Natural Sciences Philosophy Arabic English English Islamic Education Economics History / Geography Accounting thanks for sharing this page with friends: International Baccalaureate (IB) is a high school diploma. It has been prepared for two years in three official languages: French, English and and allows students to develop their language skills. The International Baccalaureate (IB) is the name of the Diploma Program of the International Baccalaureate Organization. Headquartered in St. Petersburg, the organization collaborates with several institutions around the world, including Morocco.The international bac is offered in 4 institutions in Morocco, namely: Casablanca American SchoolNoughon International School in MohammediaRabat American SchoolEcoles Al Madina in Casablanca International sections of Bac in MoroccoIn the Moroccan education system, these are quite international sections of the Moroccan bac. As a rule, courses in international sections of Moroccan undergraduate are taught in foreign languages (depending on the choice of students) and are intended for students who are curious, open and attract foreign languages of life. Options for international sections of Moroccan Bac: The program of international sections of Moroccan bac is offered in three main languages: French, English and Spanish. International sections of moroccan bac - French version of BIOF are taught in at least one public high school of each regional academy, while the other two versions of English and Spanish are tested and will not be generalized until next year (School year 2016-2017). The program of international sections of the Moroccan bac - French version refers to the following branches of :P hysics and chemistry - International Bac Morocco PCSciences of Life and Land - International Bac Morocco SVTMath'matics - International Bac Morocco MathematicsAll scientific subjects of international sections of Moroccan bac - French version of BIOF, taught in French. The curriculum also includes courses on languages and methods of communication. Download...
