Junior: Class Ring Orders Wednesday Balfour will be here during lunch on Wednesday, October 21 to take class ring orders. Senior Newsletter: Seniors, please check your school email for a senior newsletter or click here to download. AHS ACT OCTOBER 24 Students taking the ACT must park in the northbound parking lot (LOT D) and come to the student entrance. Participants must bring a mask and arrive at 7:45 a.m. Parents/Students/Spectators, you will find attached below our Athens High School Athletics Expectations form to attend any sporting event. This form is designed with AHSAA requirements and our current government orders in mind. Please review before attending an AHS sporting event. Students: To purchase your every year student pass, follow the following steps below: Step 1: Protect your student number from your iNow/Chalkable account online. It will start with the S followed by 4 to 6 numerical digits as it is S909090. This number is on your unofficial transcript at the top. Just howt your iNow/Chalkable account and click on the unofficial transcript botton in the bottom left version. Once downloaded, you'll notice a number after your name at the top of the transcript similar to the following example: Dow, John - S909090. Step 2: Go to and choose Student All Sports Passes. Then enter your number (S909090) in the promo code section and click apply. Select number 1 and click Get Item at the bottom of the screen to complete the checkout process (you will only be able to purchase 1 pass. Once your card number has been used, it will not be valid again for another purchase.) Step 3: Use your phone at each sporting event to check your pass at the gate when you enter each event. Remember, no mask is required. 20-21 Remote Device Agreement - Instructions Please click here for information about setting up a student MacBook or iPad for remote learning. How to verify or update contact information Contact information used to communicate to parents, students, teachers, staff, and the community originates and is maintained in the AHS Student Information System. This includes basic phone numbers, numbers that can receive text messages, email addresses, emergency contacts, and physical mailing addresses. If you have trouble receiving messages, please contact our Registrar Lee Jackson leigh.jackson@acs-k12.org to check/update your contact information in the student data system. You can also register to receive our notifications sent by email, text messages, calls, etc. on our main AHS click on the Notice button Sign up for www.acs-k12.org/ahs Athens Cheer Mask Fundraiser Athens High School Cheerleaders sell masks! Design documents to help planners, engineers, designers and other professionals create high-quality streets and public spaces. Includes a guide to the streetscape, cycling infrastructure and accessible bus stops. The streets make up 80% of London's public spaces. They play a fundamental role in the safe transportation of people, and well-designed streets can improve the quality of life. We strive to be more ambitious for the streets with a collaborative, design-led approach. The design documents in our toolkit will help planners, designers, highway engineers, contractors, and others meet the standards we have set and design high-quality streets and public spaces. Toolkit contains: Station Public Kingdom Design Guide streetscape Guide to Sustainable Drainage Systems (SuDS) London Cycling Design Standards Affordable Bus Stop Design Guide Kerbside Loading Guide Comprehensively revised and updated in 2014, LCDS sets out requirements and recommendations for network cycle planning and develop specialized cycle infrastructure, cycling streets and bike parks. This guide extends to all the streets of London and and for appropriate funding programmes. In October 2016, the document made minor changes in accordance with the revised Traffic Regulations and general guidelines (2016). The new Cycle Route quality criteria published in May 2019 describes the quality we expect for proposed cycling routes in London, based on the London Cycling Design Standards Best Practice Guide. The spreadsheet tool and technical note are on cycling's pages in Publications and Documents. Recommendations for the development of temporary traffic management to support cycling can be found in tFL's Temporary Traffic Management Handbook (2018). Recommendations for the signing of cycle routes within the Cycleways network, including standards for the design of vertical signs and surface markings, can be found in the Bicycle Trail Signature Guide (2019). Station Public Design Guide to Realm This Urban Motorcycle Design Handbook explains how road and road conditions affect motorcyclists. It also details how risks can be reduced and the risks to this vulnerable group of road users can be minimized. Urban Motorcycle Design Guide This guide describes the importance of roads and street design, so that bus services are available to all bus users. This updated guide also reflects the importance of healthy streets and considerations of cyclists' needs. Updated in March 2017. Available Bus Stop Design Guide For comment and more information on the available bus stop design guide contact absdgd@tfl.gov.uk. absdgd@tfl.gov.uk.
