So he discovers that Lord Brunner (his teacher) is actually a mythical Centaur Chiroon. Later, Hades shows up at the night campfire and says Percy has a mother and she's not dead. He tells her to take Zeus' master beam (all the gods believe he stole it, that's why he's being chased by supernatant beings), and that's why Percy set out on an adventure with his friends Annabeth Chase (Alexandra Dadario) and Glover, Satyer. They need to look for three pearls from Persephone (Rosario Dawson), Hades' wife. These are spread all over the country. One is located in Aunt Emme's garden, and in fact Medusa (Uma Thurman), another replica of The Palturon in Nashville, USA, is five dragons that grow two heads when deheaded, and Las Vegas, Nevada Fight the last dragon, they can rescue Percy's mother so they always take over pearls in Lotus hotels and casinos that want to stay there and then they go to the entrance of hell. When they reach the back society, they go to hades (the dark country that is the god of the dead and Percy's uncle) to return Percy's mother. When they decide to leave, they use pearls, but stay in the underworld glover, which is Percy's protector. See how they go to Olympus with the entrance through the magic gates above the Empire State Building and meet Luke, son of Another Demi god of Hermes. They have an almost epic battle flying in Hermes flying shoes, Luke confesses that he did so because he wanted a new war of heroes (Demigod/Mestisos), and for that he destroys Olympus, but Percy defeats him and arrives just before the summer solstitude and delivers lightning to Zeus (Shaun Bean). Then they return to camp and Percy and Annabeth almost kiss, but she takes advantage of the situation to get rid of her sword and indicates that she is also in love with Percy. [6] The reception film received mixed reviews from critics and audiences. CinemaScore viewers give B+ ratings on an A+ to F scale, while IMDb gives users a 5.9 rating based on more than 142,000 votes. Elnsiders.com film critic Jonathan Hickman succeeds in attracting young viewers about movie 2 1/2 4: 'Percy Jackson'. Violence is a variety of light comedies, and I thought it was soFor a teenager. And unlike the dark and scary second Narnia movie and the dark, complex Harry Potter universe, Jackson is a breath of fresh air. Many fans of this series have criticized the film as a bad adaptation as many scenes have been removed and changed. Columbus also says the cast was chosen specially for the saga itself. Percy Jackson is looking forward to making other Percy Jackson films and wants the cast to grow and develop, so it was important to find the right model for the role. [9] There are two deleted scenes from the movie that can be found on the deleted scene DVD. One is an alternative scene (alexandra Dadario) that tells Percy that he drools during his sleep and gives him a drink with honey instead of Glover waking up Percy in the infirre (many say it looks more like the book than the original scene). Another is the extra scene where they are driving to Nashville, and Glover feels guilty about the kidnapping of Percy's mother. But Glover tells him that he had previously failed with Zeus' daughter Talia Grace, who went camping with Glover, but many monsters attacked them and Talia failed.
