then you missed some free basketball. Users would share streams of each individual game (usually courtesy of the NBA League Pass), but free of charge. It was a great subreddit to use if you were an NBA fan and a cord-cutter, because it allowed you to watch any basketball game when visiting the site, users are greeted by a message saying subreddit has been banned with a statement that reads: This subreddit was banned under Reddit's Repeat Copyright Infringement Policy. The community had over 400,000 subscribers before its death. MORE: Lakers are greeted in free agencyAccording to reddit website, repeat copyright infringement Policy is as follows: Our policy is to close accounts for users, under appropriate circumstances, who have been repeatedly charged with copyright infringement. Sometimes a repeated violation is and we close that particular user's account. Other times, the problem permeates an entire subreddit that vertically the subreddit community and we close subreddit. Reddit's copyright rules specify when a rights holder reaches out and files a complaint, the site is legally required to remove it. The subreddit that vertically the subreddit that vertically the subreddit that the subreddit that vertically the subreddit to the subreddit to the subreddit that vertically the subreddit to the subreddit to the subreddit to the subreddit that vertically the subreddit to the subreddit to the subreddit to the subreddit to the subreddit that vertically the subreddit to the subreddit that vertically the subreddit to the subreddit that vertically the subreddit that vertically the subreddit that v	e strong opportunity for sue is limited to a user		
rule receives a warning and when it reaches a threshold number of warnings, subreddit gets banned. DMCA messages have increased dramatically on Reddit in recent years. In its transparency report for 2018, Reddit broke down the numbers by years: 2018: 9,534 DMCA messages content deletions. 2017: 3,130 DMCA messages, resulting in 4,352 content deletions in 2016: 1,155 DMCA messages, resulting in 610 content deletions Subreddit received extra attention after the Raptors' win in the NBA Finals. An article from The Beaverton was headlined, NBA str becoming Canada's #1 TV provider. In it, the article states, after the Raptors' incredible postseason run, Canadian TV ratings agencies and sources inside web content aggregator Reddit confirmed today that subreddit/r/nbastreams have become the most popular television service particles.	s, resulting in 26,234 eams subreddit		
country. It didn't take long for news of the ban to hit the community of its users, many of whom reacted via social media. NBAStreams isn't the only streaming subreddit to be shut down in recent weeks. Reddit also banned /r/mmastreams and /r/soccerstreams.
