With the BVN app you can watch BVN live around the world, in addition, you can easily watch most programs if you missed the TV broadcast. BVN means Best from Flanders and the Netherlands and therefore Dutch is a public TV channel abroad. Online, via satellite and through this BVN app. Every day BVN selects from the TV offering of the Dutch public broadcaster and VRT the best Dutch-language programs: news and current affairs, sports, documentaries, TV series, events and children's programs. Added the option of push notifications. Black screen with sound (if we're lucky, we get sound). I don't know what's changed lately, but it's been for the worse. The app continues to buffer on the iPad Pro and Android TV Box and reports over and over again the play failed. Previously played well, what changed (for bad ...)? With the BVN app you can watch bvn live around the world, in addition, you can easily watch most programs if you missed the TV broadcast. BVN means Best from Flanders and the Netherlands and therefore Dutch is a public TV channel abroad. Online, via satellite and through this BVN app. Every day BVN selects from the TV offering of the Dutch public broadcaster and VRT the best Dutch-language programs: news and current affairs, sports, documentaries, TV series, events and children's programs. With the BVN app you can watch BVN live around the world, in addition, you can easily watch most of the programs back if you missed the TV broadcast. BVN means featured from Flanders and the Netherlands and therefore Dutch is a public TV channel abroad. Online, via satellite and through this BVN. Every day BVN selects the best programs in Dutch from the television offerings of the Dutch public and VRT: news and current affairs, sports, documentaries, TV series, events and children's programs.
