## Handi quilter studio frame manual

I'd like to convert my 12-foot frame with my Avante to an 8-foot frame where I find the information to do this 1 2 3 4 5 6 7 8 9 10 11 12 13 Go back to Machine Sales and try new enhanced features! Interchangeable hand feet: The foot of the quarter-inch ruler is installed; open toe foot included UV Lights: Includes four UV lights installed (two on each side of the front handlebar). Low Coil Estimator and Alarm: Calculates how much thread is in a full coil. An alarm sounds when the coil thread is about to run out. Stores coil presets for three different types of threads. Four basting stitch options: Basting stitches can be adjusted to 0.5 inches, 1 inch, 2 inches, and 4 inches. Padded alarm and timer: Set an alarm for how long you want to pass the padding. Set a timer to track how much time you spend on a duvet. Save three manual speed settings for quick access. Set language: Screens can be displayed in English, French, Spanish, or German. Tackle any project quickly 18-inch Gorge for all your projects: crib-to-king quilt with ease Speeds up to 1800 precision stitches per minute Consistent stitch quality from 4 dots per inch to 18 dots per inch Quickly switch from manual regulation to stitch regulation Choose from two stitch adjustment modes: Precision and Cruise Class M large coil HQ Precision-Glide Track System in HQ Studio Frame; loading and duvet without the need for additional adjustment Precision-Glide track for effortless padding High-speed swivel hook with high capacity Comes in your choice of a 10-foot or 12-foot frame Easy-to-use system Designed by a Quilter, for Quilters® Color touch screens on the front and rear handlebars Set your preferred settings Full-point and half-stitch adjustments Control of needle position Stitch counters Built-in self-diagnosis Download updates Integrated and adjustable laser light for use with pantographs Menu-controlled LED lights Use any thread you want Click below for more information: Mounting, Ratchet, Bracket, Bracket, Screws, Bolt, Sections, Bungee, Tightening, Bearing, Manual, Avante, Handi, Quilter, [www.handiquilter.com](http://www.handiquilter.com) HQ Studio Frame Manual for HQ Avante 08-09-11 ... - Handi Quilter
