Experts on all things at home are not always limited to hammer and nail. Many have taken a different set of tools in general-pencil and paper. Looking to spread knowledge beyond its own toolkit, today's interior design voices, craft inspiration, and historic homes have made 2012 a banner year for book home improvement. Just in time for the holidays, we've put together a new trio of favorite stockings: Things That MatterPhoto: Spiegel and Grauin Designer Nate Berkus recently released Things That Matter, we're reminded of how one's personal experience shapes, who they are and how they live. Berkus fills the book with intimate stories of his childhood, introduces us to people who influenced him and encouraged him along the way, and opens up about the wonderful experiences that changed him forever. Readers get a personal look at The Berkus House, as well as 12 others, from sleek metal and glass high-rise in Chicago to a rustic cottage in the Hudson Valley. Each property proves a revealing portrait of its owners' lives and the inspiring choices that shaped them. More... Young House LovePhoto: Beautiful MessIn 2006, armed can make attitude and zero formal training, husband and wife duo John and Sherri Petersik embarked on an ambitious trip to improve the house. Six years, two total home renovations, and one hugely successful blog later, the Petersiks decided to move their cunning ideas from the computer screen to the glossy pages of a beautiful book. Young House Love: 243 Ways to draw, craft, upgrade and show your home some love is a fun and optimistic source of inspiration. With eye-opening images accompanying every easy-to-use project guide, tenants and homeowners alike will find themselves seeing new opportunities for every forgotten angle at home. More... House PresidentsPhoto: A small, BrownAnyone who has gone through a major remodel knows that valuations are likely to run a little longer. If it brings any comfort, even presidents have had to endure the same suffering: It took Thomas Jefferson 54 years to complete his beloved Monticello! In Presidents' Homes: Childhood Homes, Family Homes, Private Escapes, and Grand Estates, you'll find plenty of additional information about the homes (places, residences, retreats) of American presidents- from George Washington to Mount Vernon to Punahou Circle Apartments in Honolulu, where Barack Obama lived with his grandmother. Written by Hugh Howard, co-author of several bob wret a books, weaves an intimate portrait that combines architectural history with intimate family stories and political knowledge to shed light on the men who have held the highest office in the country. Color photographs of Roger Strauss III are vividly enveloped by these houses and furniture. More... For more holiday gift ideas, consider: Bob Vila 2012 Gift DIY Mom Bob Vila 2012 Gift Guide: For DIY Dad Bob Vila 2012 Gift Guide: For a Gardener It Was Great. The Great War. War to end all wars. The murder on both sides was so horrific that no rational person could have imagined another such conflict. Just to make sure that they even negotiated a treaty banning war forever: the now infamous Kellogg-Brian Pact, signed in 1928, which was designed to renounce war, with all disputes peacefully settled in the future. Unfortunately, twenty years after the end of the first Great War, the world has returned to it on a scale that has overshadowed all previous wars. However, the First World War was the first modern war and spawned - in addition to a large number of wishful thinking - a small library of military literature. In fact, some of the best anti-war writing of any era took its inspiration from the Great War. As always, my choices (in alphabetical order) were guided by a few simple criteria: 1) with so few options, general accounts tend to trump specific research, and 2) smart and engaging always goat smart and difficult. If you think we missed something irreplaceable - and of course we have - let us know. Ten books of the First World War All quiet on the Western Front, Erich Maria Remarque Remark served in the German army during the war and was wounded five times. Some consider it the greatest wartime novel of all time. Honorable Mention: Company K, William Martha, Farewell to arms, Ernest Hemingway When poor eyesight kept him out of service, eighteen-year-old Hemingway volunteered to serve in France and then Italy as an ambulance driver. His wartime love story is often cited as the greatest American novel to emerge from World War I. Honorable Mention: The Last Man: A World War I novel by Jeff Shaara. The First World War, Hugh Strachan best one-volume war story from one of its leading historians. This is a condensed version of a larger multivolume project. Honorable Mention: World War I, John Keegan. Goodbye: Autobiography, Robert Graves English poet Graves's bitter account of his life has been named by scholar and critic Paul Fussell as the best memoir of the First World War. The Great War and Modern Memory, Paul Fussell is the winner of the National Book Award and hailed as one of the 100 best non-fiction books of the twentieth century. Fussell challenges how we think of war in this landmark study. Arms of August, Barbara Tuchman captured the Pulitzer Prize and won international recognition with this classic account of the opening month of the Great War. Honorable Mention: Telegram of zimmerman, Barbara Tuchman. Once an eagle, Anton Mayer famous novel two wars and two very Army officers. A favorite among military professionals, he was list of recommended readings by the Army Chief of Staff and a reading list of the Commandant of the Marine Corps. It's not much better than that. Price of fame: Verdun 1916, Alistair Horne Classic score one of the battles that is a horror trench war. More than a million people have died fighting for a piece of land slightly more than the combined Royal Parks of London. Storm in Flanders: Ypres Salient, 1914-1918: Tragedy and Triumph on the Western Front, Winston Groom Novelist (Forrest Gump, better times than these) and historian, the groom vividly chronicles another of the trench war templates. The World Crisis of 1911-1918, Winston Churchill's brilliant account of the war years when he served in several capacity: the first Lord of the Admiralty, an infantry commander in France, a member of parliament and a minister of ammunition. As usual with Churchill, it's beautifully written. Former history professor Tom Miller is a writer and essayist. His reviews and essays have appeared in numerous books, magazines and newspapers, including the Encyclopedia of Southern History, American History Illustrated, the Chicago Tribune, and the Des Moines Register. He is also a former Army officer and Vietnam veteran. Show The full article We live in an undeniably digital age in which almost everything you can read can be read digitally. However, more than some of us hold on to the love of books, which finds constant expression in our homes. This can become a problem, however, when these displays start to overwhelm our bookshelves, leaving us stacks of books that we have no place for. Fortunately, books are one of the best and most widely used props for styling. This is good news for bookworms because it means that we can deal with whatever we want and still live in spaces that are beautiful, modern and, most importantly, uncluttered. So if your bookshelves are already filled to capacity, but your love of books just won't go away, we have 8 tips for stacking books (without bookshelves) that will keep the page turning and your home photo shoot ready. Just make sure you clean your books if necessary to keep them fresh and new before you display them. Of course, the most natural place for coffee tables - a coffee table. So if you have a group of books that have table size, this is the place to start for making stylish vignettes. You don't have to be shy either. One book may have an understated appeal, but stacks of books can look just as good. Notice the size when creating stacks. On a coffee table, you want fairly uniform stacks, unlike book pyramids. Courtesy of Parrot Key Hotel and Villas 2019 is almost here, and the list of hotel openings of the year includes new developments, properties completing major renovations, all-inclusive resorts, and the ship docked. Restoration of historical buildings is a certain trend, a desire to preserve the past and fill the character and patina of age. Hotels range from casual to upscale luxury properties, as well as from the city centre to wildlife habitats in Africa. Related: The top 100 Hotels in WorldArt continues to be a major presence in hotels, with collections curated to portray the identity of the property or add a sense of purpose. Many of the hotels have emphasized their modern, modern, even quirky style in an attempt to attract millennial guests with elements designed to appeal to this generation of travelers. Others announce their pet-friendly amenities and youth-oriented activities in response to the rise of family travel. With increasing attention to environmental awareness, many hotels have moved beyond laundry-reducing programs to report their commitment to environmentally conscious brands of toiletries and environmentally friendly products. Restaurants celebrate their use of local ingredients and sustainable seafood, as well as on organic farms. Some hotels seek to inform their guests about the local environment and even provide opportunities for participation, such as the restoration of coral reefs.
