Persona 4 chie voice

Fictional character from the 2008 video game Persona 4 Chie SatonakaPersona characterChie as seen persona 4First appearancepersona 4 (2008)Designed by Shigenori Soejimal depicted byMinami Tsukui (Persona 4 stage play)Makoto Koichi (Persona 4 Arena & Persona 4 Arena Ultimax stage games)Voiceby the Tracey Rooney (2008)[1Erin Fitzgerald (2012-present技) is a fictional character from 2008. There, he appears as a high school student who begins to explore the dimension of the world alongside his friends. The abduction of his best friend Yukiko Amagi leads Chie to join an investigative team working on a murder case in which victims are sent to TV World to kill creatures known as Shadows. In addition to the printed and animated adaptations of the Persona 4 game, Chie has also appeared in the fight games Persona 4 Arena and Persona 4 Arena Ultimax, dungeon crawler Persona Q: Shadow of the Labyrinth and Rhythm Game Persona 4: Dancing All Night. The critical acceptance of the character has been positive because of both her struggle and feminine traits. However, critics were different when commenting on the English voice acting in Chie featured in the games. The concept and features of Chie is an optimistic girl's obsession with kung fu, even using these techniques in battle. Chie is a player with a social link to the Wagon. [3] It symbolizes the animated series Yu's use of Persona Ara Mitama (The Da). [4] Writer Patrick Hayes noted that his Shadow represents his desire to maintain the dominance of Yukiko in their relationship as well as his jealousy of Yukiko's feminine qualities and skills. [5] Different sketches were made in character design, some of which resemble previous Persona characters. [6] He is pronounced Yui Horie in Japanese. In English, she is voiced by Tracey Rooney persona 4,[7] and Erin Fitzgerald gives her English voice to all the other appearances. [8] Minami Tsukui portrays him in a musical. [9] The limited edition persona 4 Arena had buttons that Chie wore as a bonus in Persona 4. [10] Appearances by Chie first appeared in the 2008 video game Persona 4, in which he and his friends Yu Narukami and Yosuke Hanamura discover the world within TV and meet a creature named Teddie and discover that someone is throwing people at television, which eventually leads to their death. Although initially reluctant, he goes to the TV world when his best friend Yukiko Amagi is thrown, putting him in danger. There, Chie will meet his Shadow, who represents his jealousy of Yukiko's feminine side and talent, as well as his desire and need to maintain control of Yukiko. [12] With the help of Yu and Yosuke, Chie faces his second self and joins the investigation. After meeting her Shadow, Chie gets Persona Tomoe Gozen (天童 桃歌, Haraedo-no-Okami), a muscular female figure wearing yellow clothes and armed with a rack that she uses to fight when she performs kicks. [14] Throughout Yu's interaction with Chie (which can also be intimate), she discovers that she really wanted to protect Yukiko without the underlying selfish motivation. After that, Tomoe develops into Suzuka Gongen (工藤 宗国, Haraedo-no-Okami), which has golden armor and a long flowing cape. [16] Persona 4 advertising flash game allowed players to sneak a sexy peek at Chie when it is hot springs. He is played at the Persona 4 Arena alongside Tomoe Gozen; At the Persona 4 Arena, Chie Yu, Yosuke and Yukiko will join to explore the tv world after seeing the Midnight Channel. When he enters, he will be forced to fight with his friends, as well as his husband, Akihiko Sanada. [20] He also performs persona Q: Shadow of the Labyrinth,[21] Persona Q2: New Cinema Labyrinth,[22] and Persona 4: Dancing All Night. On October 20, 2017, Arc System Works confirmed that Chie will appear in the upcoming fight game BlazBlue: Cross Tag Battle. On January 13, 2018, it was also confirmed that Chie was in the base game. [25] The reception games journalist Leigh Alexander of Polygon felt that Chie was his favourite character because he was interested in strong women. He also referred to his final Social Link jad, in which he realizes that dedicating himself to personal growth is cowardice, and that it's all pointless when you turn around and start a fight – start/use/that strength you've accumulated. [26] Robert Boyd, creator of Breath of Death VII and Cthulhu Saves the World, ranked Chie as the second best JRPG warrior heroine. He justified the ranking by saying that he would beat things to death and called him a great foil to the protagonist's best friend, Yosuke. Chie's name was GamesRadar's favorite character, Persona 4. Kotaku Mike Fahey invited Chie to his favorite persona 4 characters and discussed him swoon[ing]. Kotaku Kirk Hamilton felt that Persona 4 was deeper in his characters than his predecessor Persona 3. The writer cited Chie's fear of her friend Yukiko and the desire to be seen as feminine as an example of it. He also compared her to Velma Dinkley from Scooby-Doo, where are you? [30] Bajo's website Good Game Stories praised Chie's spirited personality. The critical reception for both Chie English vocal actors is mixed. watching Persona 4, IGN's Jeff Haynes felt that Tracey Rooney's delivery chie sounded at times like a 30-year-old woman instead of a teenager. [32] Looking at the same game, RPGamer's Michael Cunningham felt that Rooney felt a little stiff during the battle lines, but was good elsewhere. [33] When Kirk Hamilton was initially reluctant to accept Erin Fitzgerald, watching persona 4 golden, he finally began to like him. VG247 Johnny Cullen expressed excitement at Chie's playability prospects at the Persona 4 Arena. [34] Looking at Persona 4 Golden, Destructoid's Dale North revealed that he was not a fan of Fitzgerald's voice, partly due to the fact that he preferred Yui Horie, Chie's Japanese voice actor. [35] RPGamer's senior reviews editor Adriaan den Oueden's initial impressions of Fitzgerald in his review of the same game were positive. [36] He was also listed as 10. [37] IGN also named him the eighth best Persona character, praising his optimistic personality and his interests. [38] Links ^ a b c Chie Satonaka Voice - Megami Tense franchise.
