In Captain America vol. 1 #319, he reveals to Captain America that he has a brother and that when he was younger he was introduced by him to the super-criminal known as Trapster. In exchange for weapons provided to her by Trapster, Layton suggests in return that she prostitute herself to the criminal. One of the members of the original Snake Company.[1] Diamondback was a seductively sly woman with experience in melee, trained by Anaconda at Taskmaster's Academy. Her trick was to throw acid or poisonous diamonds at her enemies. After her first confrontation with Captain America, while on a mission to find MODOK,[2] she was immediately struck. Diamondback was assigned to take Captain America into custody by porcupine, but was reluctant to attack, concentrating her efforts on Porcupine That's it. [3] He later tried to form a partnership with Captain America to identify the scourge of the Underworld. [4] Viper organized a coup d'etat of the Snake Company, causing several of its vassals to as new members and setting Viper up to take over by force. Diamondback and their current leader, Sidewinder, escaped, recruiting Captain America's allies to save the Reptiles who were still loyal to Sidewinder. [5] After a fierce battle in which Viper was defeated, Sidewinder left The Snake Company. Diamondback stayed for a while under the new chief, Cobra. Rachel was later revealed to have resigned from the Snake Society, and somehow temporarily changed bodies with the X-Man Dazzler. This led, in part, to a confrontation between the Snake Society and the X-Men. [6] Diamondback later alerted Captain America to the Bloodstone hunt. [7] Help Captain America in the battle with Batrok, Mashte, Zaran and Baron Helmut Zemo. [8] He also met Crossbones for the first time. [11] He then fought the Black Widow, and acquired a new suit. [12] Diamondback was eventually put on trial by the Snake Society for her encounter with the enemy (most of society assuming, erroneously, that Diamondback had betrayed their secrets to Captain America) and found herself guilty of her actions, and almost executed. [13] He escaped with the help of Captain America and Paladin, and later hired Paladin to help get revenge on the Snake Society. [14] Along with her best friends Black Mamba and Asp, she formed BAD Girls, Inc. [15] After a failed kidnapping attempt by Anaconda, Diamondback was taken aboard the superia ship, and joined her Femizoons under pressure. [volume & subject required] While boarding superia's ship, she was attacked by Femizon Snapdragon, whose Diamondback developed a phobia. [volume & subject required] After being rescued and then used as a test subject by the Red Skull to see if the blood packs that Crossbones brought were actually the blood of Captain America, the serum super-soldier enhanced Diamondback spotted and confronted Snapdragon, who died in the fight. [volume & subject required] Later, there was a malfunction discovered in the superhero serum that Cap was suffering from and Diamondback went to Superia in the hope of a cure. Using it as a test subject, there was a 50/50 chance that the treatment could either work or kill Diamondback. As an additional term, if the test was successful, Diamondback had to serve Superia as snapdragon's second. The experiment was successful, but later came out of this agreement when Superia. [volume & subject required] Bad Girls broke up after that. Some time later, Diamondback was infected with mind-control nanoanagyns by Baron Zemo. Diamondback suffered extensive neurological damage from the experience and spent an extended recovery period in Care. [volume & theme required] BAD Girls, Inc. reappeared on Cable & Deadpool, with the original composition intact. [16] Rachel's brother Danny is also known as Machairolata. It was Danny and another of her brothers, Ricky, who initially fell out with a gang led by a man known as Bing. Longing to be included, approached Bing only. After claiming to be doing anything to join the gang, Rachel was beaten and possibly raped by Bing, who years later became Crosone, kidnapped, starved and abused her until he agreed, with ulterior motive, to steal Captain America's blood packets from the Avengers Mansion. Bing/Crossbones murdered Danny/Machairok, who was trying to replace him as help for the Red Skull, and also killed Rachel's third brother, Willy, when, despite being crippled in the army, he sought revenge with a rifle for the barbarity inflicted on his sister shortly after he was initially mistreated. Diamondback later appeared along with Asp and Black Mamba during the Civil War as a member of the Secret Avengers. [17] He took part in the final battle of the war, but did not accept the offer of amnesty that came with the surrender of Captain America. Later Diamondback and the other BAD Girls were arrested by the Mighty Avengers in a New York mall. Diamondback appears at Camp Hammond as an official recruit for the Initiative, along with Ant-Man, Crusader, Meles, Geldoff, Dragon Lord, Geiger, and Red Nine. [23] As the Avengers begin to turn the tide in battle, Diamondback tries to get Steve Rogers Rogers And make sure she knows she and Schroeder are on his side. Constrictor misinterprets her actions and thinks she's abandoning him. He turns to find him, but at the same time sentry attacks Asgard's foundation at Osborne's behest. As Rachel and Slurotor approach each other, Asgard falls to the ground. [24] Rachel is dug out by Steve Rogers. Constrictor sees this and thinks Rachel doesn't love him, leaves the stage with Taskmaster. Nick Fury thought that when Rachel found out, he'd kick the crook's ass. [30] Bertrand worked with Scorcher to attack Daredevil in his apartment.
