[1] It is a small manuscript with a collection of 47 spells and sigils/staves. [2] The grimoire was compiled by four people, possibly beginning in the late 16th century and going on until the mid-17th century. The first three scribes were Icelanders, and the fourth was a Dane who worked from Icelandic material. [3] The various spells consist of Latin and runic materials as well as Icelandic magical bars, occupations to Christian entities, demons and the Norwegian gods, as well as instructions for the use of herbs and magical items. Some of the game is protective, intended against such problems as problems with childbearing, headaches and insomnia, past incantations, pestilence, suffering and distress at sea. Others are meant to cause fear, kill animals, find those, put someone to sleep, cause flatulence, or enchant women. The book was first published in 1921 by Natan Lindqvist in a diplomatic edition and with a Swedish translation. An English translation was published in 1989 by Stephen Flowers, and a facsimile edition with detailed commentary by Matthías Víðar Sæmundsson in 1992. In 1995, Flowers produced a second retitled edition of his book, correcting many translations with the help of Sæmundsson, adding many more notes and commentaries.
