## Rakdos aggro arena

Simulating MTG Arena Best of 1 starting hand (Simplified and true algorithm in MTGA not yet revealed by Wizards) Show cards owned Our MTGA Assistant extension lets you compare any deck on the site with your collection, opening it from within the extension. Use the search engine or browse with the link built in Deck Hub. Use in the main browser window, the Collection comparison does not work on new tabs open in the Overwolf browser. With the MTGA Assistant extension, you can compare this decklist with your collection and easily see if you're missing any card. Navigating any AetherHub deck from within the extension will allow this tab to show the summary as below. More information can be found at [mtgaassistant.net](#). (\*) The singularity aswells the degree of deviation of the standard middle deck in that archetype. A high uniqueness means that the deck is cards that are less common in this archetype. Whether you want to find unique or roguish decks, take a look at those with high uniqueness. If you're looking for a default build, go for those with a smaller one.
