TERMINATOR GENISYS: GUARDIAN is a fantastic action game based on the legendary Terminator universe. The plot of the Apocalypse has not been prevented since SkyNet launched a war against humanity in 1997. And now, 32 years has been the war of cars and people. The player will stand on the side of the resistance and will control the legendary model of the Terminator T-800. The user will find a huge number of missions that will decide the outcome of the entire battle. To tip the scales in his favor, the gamer will use an arsenal of weapons and allies to resist. Glu Android 3.0 - Version: 3.0.0 \$0 TERMINATOR GENISYS: GUARDIAN (MOD, Unlimited Money) - dynamic tactical megala from Glu, the plot of which was based on the famous Hollywood action movie TERMINATOR. In the story, the events unfold in 2028, when humanity is on the verge of extinction and only you can help John Connor defeat Skynet. And so, you will find dozens of missions, a wide arsenal of weapons, various skills and abilities, as well as an impressive development system and a long career. As with all of this developer's games in TERMINATOR GENISYS: GUARDIAN, the graphic part goes beyond any complaints. Updated to 3.0.0! Terminator Genisys: Future War is the MMO mobile strategy that Plarium and Skydance Media will have. The game takes place in the post-apocalyptic universe of the film Terminator Genisys. Genisys is destroyed and Skynet is offline, but the future war is far from death. The game gives players two options: they can lead the Resistance or become a Skynet commander as they battle rival alliances of players for territory, dominance and survival. Play Terminator Genisys: Future War and engage in large-scale strategic wars to determine the outcome of the fight between man and machine. Take command of the Human Resistance or Skynet's machine army, lay out your enemies and shape the future in your image! Fight side by side with the characters in the movie and assemble an army of iconic machines you know and fear. As a real-time title strategy with thrilling gameplay, constant action, and fierce clan wars, Terminator Genisys: Future War puts the fate of the human race in your hands. Be the next John Connor or finish what Skynet started - decide the future of war! In Terminator Genisys: Future War, players build buildings, improve their base, train their troops, modernize their leader, create and develop clans. In total, 48 types of units (24 for each faction) are available to the player. They are divided into six classes: infantry, cavalry, aviation, spy drones, assault and siege troops. In the game processes and initiated using the following resources: energy, iridium, materials, ammunition, fuel and special in-game currency, technological points. These points can also be used to accelerate active To get resources, players need to build special buildings or send their units to resource locations. As the game progresses, the cost and duration of the gameplay increases accordingly. FEATURES OF THE GAME - FREE TO PLAY! - Two playable factions, each with its own narrative, troops, buildings and updates! - Intense PvP! go for solo conquests or join the clan to dominate the map! - Fight against powerful bosses in solo PVE or joint clan attacks! - Unlocking achievements for big awards and bragging rights! - Part of the official Terminator Genisys universe! - Advanced graphics! Only the strongest survive in a war-torn world! Fearless commanders are already in their combat positions - join them! Fight alongside the deadly Skynet robots or on the side of the rebels - the last hope of mankind. We believe that you can as well as other GAMES: Edge of Tomorrow's Game, Mission: Berlin, and Warhammer 40,000: Space Wolf, ect.
