----- | February 25, 2015 Andrea rated it liked it in my opinion it was easy, entertaining reading, just like the first one. No better, no worse. It had a fascinating plot line, some fun adventures and adventures, and there was a nice light to read. Yes, LeeLee's nickname totally didn't suit her, Riley's speech impediace was absolutely annoying, LeeLee certainly didn't seem to be the only 34-year-old so there were a lot of timeline inconsistencies/inability, and the characters were pretty flat - they were either good or bad, with no depth. So yes, I agree with my opinion it was easy, entertaining reading, just like the first one. No better, no worse. It had a fascinating plot line, some fun adventures and adventures, and there was a nice light to read. Yes, LeeLee's nickname totally didn't suit her, Riley's speech impediace was absolutely annoying, LeeLee certainly didn't seem to be the only 34-year-old so there were a lot of timeline inconsistencies/inability, and the characters were pretty flat - they were either good or bad, with no depth. So yes, I agree with most of the criticism from the other reviews, but honestly, if you read the first one, like I did, you know it's not a literary masterpiece. I read it to find closure to begin with. It served its purpose and was entertaining. ... There were the words Lily Satterfield, who for every day during her tenure as home to a rural inn in Vermont as a pure southerner, nothing seemed as alien as living in a country where people don't bury their dead in winter, snow drifts higher than rooftops, vampire black flies and winter for a month well into May — a month that by any definition should be considered spring. So when her inn finally sold out, she eagerly packed up her two daughters and headed south; A decision made is even easier considering her cheating ex-husband didn't come with them. Eager to start over In her hometown of Memphis, Lee Satterfield returns home expecting to return right from where she did -- so comfortably of her three dearest friends... And the delicious peach dakiri they provide regularly. But, when she learns soon, life doesn't work that way. The city's gossip has a field day when they discover the reason for her return, not to mention the notable absence of her adorable ex, a former college football star. As she does her glory to keep her red head up, Lily tries her hand at single motherhood on a much smaller budget, and with an arrogant boot boss thug — proves she's had real Southern grit throughout. Chook is full of comic casts of characters, including the return of Lee's beloved childhood housekeeper - her second mother, Cassie, a string of nonsensical, nonsensical radio hosts, Elvis impersonators, and a 1980s pop breaker trying to sweep Lee off her feet - Lisa Patton returns to the laughs and audacity she first made in Stalin's Dixie in Noor. Still, no Southern Belle allows love to have one last laugh - and readers will eagerly enjoy a certain Yankee with unfinished business. Hilariously toying around Memphis, with the heartwarming truths about coming home, Yankee Doodle Dixie is a testament to women, mothers, family and friends – in the snow or the sun, alike. Once a happy, well-adjusted woman with a personality that some consider a single mother, Lee Satterfield learns to stand up for herself again, although this time she makes sure to swap her snow boots back for sandals. From the southern to the core... Funny to the bone. In Lisa Patton's new novel she proves we can come home again, and in many cases we should. – Fanny Flagg didn't beat missed when we head below the Mason-Dixon line to pick up with South Belle LeeLee Satterfield on her wild offtimes but always touching on a quest for home, friendship and love. In this adorable sequel to Dixie whistling at Nur'Easter, Lisa Patton's voice leaves us laughing, crying and definitely wanting more! – Susan Greg Gilmore, bestseller of seeking salvation in the Milk Queen Yankee Doodle Dixie oozes Southern charm. From the wonderfully witty dialogue and captivating characters, Ms. Patton's writing illuminates this story of home, friendship and second chances. Lee Satterfield is a winning combination of steely wisdom and magnolia, making her a heroine you can cheer as she fights her way out of disaster to find true happiness. Reading this book is like sipping peach daiquiri on your best friend's porch. So take a chair and stay a while. – Karen White, a New York Times bestseller author editing federal and confederate veteran, on the basis of a potential marriage that unites their families, become fast friends. One plays the violin, the other in the flute, but they can't harmonize on melodies, like Requires a Yankee Doodle and the other insists on Dixie. This problem becomes so acute that the innocent young people are involved in the dispute and their engagement is broken. Love finds a way, and they arrange a secret marriage. The good Person plans it even more wisely, asking fathers to come and make music for the wedding, without naming the contractor parties. When the ancient enemies find themselves face to face they are angry, but unwilling to back down; They go back-to-back and play music with revenge, taking advantage of the beloved ingrans while the ceremony takes place. When faced with the bride and groom and see who is there, they are largely provoked, but the diplomatic work, which they have both under his spell, patches up peace. It also doesn't take a pretty girl with braids... Read the full excerpt → Download a -- piece full of Southern charm and eccentric characters, this eagerly awaited sequel is sure to please fans of the author's first novel as well as fans of women fiction writers like Adriana Trigiani and Fanny Flagg.' -Lisa PATTON Journal Library is a Memphis, Tennessee native who spent three years as a Vermont innkeeper up to three subzero winters and drove her back south. Lisa, a former director of radio and television promotion in Memphis, also worked as a director of the historic Orpheum Theater. She has over 20 years of work experience in the music and entertainment business, including several years with five-time Grammy Award winner Michael McDonald. Lisa, a graduate of the University of Alabama, guides walking tours of the historic downtown Franklin, her hometown of Tennessee. Lisa, who is currently working on her third romance, is a proud mother of two sons and a big puppy dog named Rosie. To learn more about it, you can visit lisa's website. Griffin Dixie Doodle was a popular parody of the Yankee Doodle in the South during the American Civil War. Written in 1862 by Margaret Weir, it was published in New Orleans, and dedicated to our dear soldiers on the battlefield. [1] Music cover of 1862 by Werlein & Halsey Lyrics 1. Dixie whipped old Binky Doodle early in the morning, so Lyn promote it was better to look out, and take a timely warning. Hooray for the choir! To our Land of Dixie! Hooray! On our limits! Southern boys in arms will stand, whipping the dark nods! 2. Yankee Doodles sleeps soundly on their greasy pillows, while Dixie boys, with muffled paddles, served on the pedestal. 3. Yankee shingls, grease your heels, get ready to be Because the Dixie Boys are close, cunningly outdoing you. 4. Anderson, the brave brave, who broke out in their sleep, Jean's little girls and boys will sing your name in deliberate numbers. 5. A thousand blessings on your heads, our brave and uncompromising leaders, a light that you are in the way of all our brave dissideners. 6. Wright, on the coast of The Carolinas, was a bolder hero? He grabbed a Yankee enemy and made the soldier's chest. 7. Louisiana, bold and brave, known for its cerioli beauty, your champions will remember the word watch, the warmth and the spoils! 8. Yankee Doodle, fair to you well, for a long time will be forgotten, while Dixie's comments will cheerfully float across the country of cotton. See also Yankee Doodle References ^ Dixie Doodle.
