RPG or RPG is one of the gaming genres that is in high demand today. RPG games themselves have actually existed since the presence of traditional games such as snakes and ladders, monopolies, halma and the like. Now along with the development of technology, the game is also present in PC and mobile devices with a very significant game development. Dozens or hundreds of RPG game titles can now be found easily on these devices. Well on this occasion, Carisinyal will review the 10 best offline Android RPG games available today. These games have a wide variety of stories and you can get them for free or pay for them in advance.

1. Eternium Playing offline Android RPG games with fun experiences is one of the advantages offered by the game developed by developer Making Fun, Inc. This game presents games that do not need to use the internet. Inside you can choose a character like Mage, Warrior or Bounty Hunter, with sword, axe, staff or gun. If you've already chosen, such as other RPG games, you'll need to level up or level up to strengthen your hero. Because, this Eternium has a number of enemies that you are ready to conquer as dragons, zombies, aliens and many more. Eternium also provides a fairly wide and varied map. You can walk around in forests, dungeons, countryside, even cemeteries. Don't forget too, there are many different treasure boxes ready to provide interesting items. Curious? Let's play the game by clicking here.
2. SoulCraft you who like to play Android RPG game with action genre then you can try SoulCraft. The game, which has racked up over 200,000 downloaders on the PlayStore, can be played offline. In addition, the gameplay available on SoulCraft is also very interesting. Here players will become a warrior in search of eternal life. You will be given two options: to be angels or evils. Both have to fight people to win. In addition to having to fight with people, you will also face against powerful dragons. How, are you able to win against humans and dragons? Prove it by playing the game here.
3. The best offline Android RPG Game Bard's Tale Game this time comes from the remake of the classic RPG game in 1980. The game is called The Bard's Tale. Despite a remake of the 80s game, The Bard's Tale has been presented with stunning 3D graphics. Uniquely, this game will not always be serious. Because, The Bard's Tale sometimes inserts quite entertaining humor. On the map page, you can get around an existing location. Players can explore the countryside, cities, wilderness, rivers, castles, secret dungeons and more. More 50 types of enemies that players will face. Another uniqueness is that you can summon 16 magic characters that will help you. You want to play? Download the game here.
4. Oceanhorn you woke up and could not find daddy. Dad suddenly disappeared and left an old one with his necklace. what's going on? Where's the danger? This is the case you have to solve in the game Oceanhorn. This offline Android RPG game presents a curious story. In addition to excelling in history, Oceanhorn also offers a fairly comprehensive map. You can travel through a wide variety of islands separated by the sea. The fun of this game is that there are various secrets that you can reveal one by one. Are you ready to discover the embalmed secrets of your father's disappearance? Click here and get the game.
5. Titan Quest Game RPG by presenting colossal characters and settings is one of the best PC RPG games of 2006. Titan Quest allows you to choose one of the heroes already available in the game. Every hero you have chosen has its own mission and power. Uniquely, this game offers a map that is without a doubt very spacious. You can walk around the countryside mingling with the inhabitants until you can go to China. You don't just go around, because you're being asked to level up. When you are in the main phase, you can unlock for special force. Curious about the special power? Let's play the game here.
6. Banner Saga Banner Saga is an RPG game created by Stoic Studio. After success for PC devices, this Viking army-inspired game is now available for Android and iOS. The game has

beautiful graphics, exciting tactical battles and a very fun story. In this game you need to pin down farmers, ordinary people, as well as war troops to meet various threats from enemy soldiers. During the game you will be really presented with stunning views such as mountains, historic sites, and the remains of the ruins of the battle arena. During the trip, you should also always keep the food supply adequate. You will also be faced with several options that can change history and also change the whole world. 7. ICEY Although ICEY has a 2D graphics screen, you have nothing to lose from playing it. Because ICEY has a fantasy story that is quite interesting with a number of features. This game is actually an RPG, but gameplay is more action with different ways to attack. In fact, ICEY also has a number of combinations when attacking your opponent. The bosses presented at ICEY are quite challenging, and the most challenging is cyborg You feel able to fight it, so you can download this paid game on this link. 8. Galaxy on Fire 2 Galaxy on Fire 2 is not a new game in the RPG world, but this game that combines the elements of flight simulation with sandbox rpg is still worth playing. At first glance, this free RPG game is similar to other already very popular games like Elite and Privateer. In this game you will play Keith Maxwell, a spaceship pilot who will explore a galaxy filled with aliens, robbers, and more. The game offers a free game for 10 hours, but you have to pay through the in-app purchase system if you want to play the next episode. 9.
