Safina (Safinatun Al-Naja) Full Arabic translation and fullUkvarsa Safina has the full name safinatun Naja Fiima Yajibu ward Abdi li Maulah (security boat in learning the obligations of the servant to his Lord). This book, though small in form, is very useful. In all villages, cities and countries almost everyone learns and even remembers, both individually and collectively. In a number of countries, the book can be easily obtained from various educational institutions. Because both the Suntree and the ulema liked to study it carefully and thoroughly. This has happened on several factors, including: This book covers the main issues of religion in a complex, complete and untouched way, starting with the main chapter of Sharia, then chapter, chapter of prayer, zakat chapter, post chapter, and haji chapter added by other scholars. This book is presented in a light language, easy arrangement and easy to understand and memorize editor. Anyone who is serious and has a high will be able to remember all their content only for two or three months, or maybe faster. I hope this will be helpful and can add knowledge to all of us. Please download now for free...!!! I hope this app can be useful and become a true friend anytime, anywhere and anywhere without having to be online. Thank you, I hope this app can be useful and become a true friend anytime, anywhere and anywhere, without having to be online. Please give us suggestions and suggestions for developing this app, give us a speed of 5 stars to give us a sense of enthusiasm in developing other useful applications.
