Legendary football stars are shining in the upcoming 2016 league matches! FOLLOW US Are you confident about your driving skills? Do you love cars and want to train to be one of the best drivers? Challenge your skills in FR Legends (MOD Unlimited Money) – twin turbo's exclusive racing game. FR in FR Legends means front engine, rear-wheel drive. These cars have a front engine and a rear-wheel drive of the vehicle. This is one of the most popular cars of the 20th century. Currently, BMW and Mercedes-Benz are the two car manufacturers that usually use this layout for their products. He focuses on drifting. If you don't know, drift is a very difficult skill in racing. It requires hours of practice with specially designed cars. If you're a fan of the Fast & Furious series, you can see the main characters doing this skill regularly during races. To win FR Legends races, mastering drift is the first thing you need to do. Most modes and races require you to use this ability to win. In real life, drift is a technique of professional drivers. Not many people can. However, you can easily master this technique by combining the brake, throttle and rotation of the steering wheel. The best advice for you is that you should join practice mode to familiarize yourself with the basic controls and techniques of the game. Control There are no controls on the FR Legends game screen. Tap the right of the screen to speed up the car. The lower left corner of the screen is the brake, above it is the handbrake. The game gives you some other controls, such as tilting the device, virtual steering wheel. You can change the controls in Configuration. In addition, you can customize the driver view by tapping the camera icon on the screen. I often choose the view from the cockpit when combined with the actual physical system of the game, it gives me the feeling of driving a real car. Chase Run – Lead RunPractice mode allows you to drive without rules and pressure. This is the right place for you to get acquainted with the track, control system and practice drifting skills. In addition, you can challenge yourself in Solo Run mode. Show off the spectacular drift and create your own scoring record. The most featured mode of FR Legends is Chase Run – Lead Run. In this mode, you will participate in the race with another player (maybe AI). If you choose Lead Run, your task is how to play Solo Run, which means trying to drift well to earn many game points. Requires you to have a good your vehicle and have good skills. In the role of Chase, the game requires you to always follow follow Lead car. However, you are not allowed to overtake and collide with a Lead car. The green circle at the back of the Lead car tells you the best position to follow this vehicle. To always keep a safe distance, you need to predict well the movement of the Car Lead. After two laps, the car has more points that will earn. In addition, FR Legends also has some interesting modes like Touch Attack, Multiplayer, Gymkhana and Championship. Don't miss it! Unlock new cars in addition to training the skills of a superior driver, the supercar collection is also one of the player's main objectives when playing FR Legends. Currently, the game has dozens of cars modeled from cars of famous brands. It's great to ride your favorite cars. In the next versions, twin turbo will upgrade many more cars. The price of supercars is not cheap, more than R \$ 20 thousand. You have to accumulate a lot of time to have enough money. In addition, your cars may be damaged and need repairs after a few races. Without repairs, it may not work as you expected. We recommend that you use our FR LEGENDS (MOD Unlimited Money), which will solve all your financial problems. Custom engine, interiorFR Legends has an in-depth vehicle customization system that helps players create cars of their choice. Players can customize and upgrade car boxes, brakes, steering wheel, bumpers, engines, wheels, In addition, you can change the color of the ink according to your taste and style. How big! In addition to being a top-notch driver with excellent drifting skills, the game also helped me become an expert in cars with engine and interior knowledge. Realistic physics ssspite graphics, but the graphics of FR Legends are not very detailed and sharp. Movement and collision are very well done, you feel like you are sitting in a car while making a drift. As the graphics are not very high, the game can run well on many devices. You can use an intermediate phone with Android 4.1+. Finally, if you are expecting a realistic racing game with top-notch effects like Asphalt 8, this game might make you feel frustrated. But if you're looking for a unique racing game that can make you laugh, FR Legends is the game I can recommend. Download this game to your phone, practice and become a driftmaster.
