Description :Toolbox for Minecraft PE mode for the popular kubo pixel sandbox, which requires the installation of the original game and BlockLauncher. It is at the sole discretion of the application to add items to your inventory and resources, change time and time, and even check monsters. In general, the program will appeal to those who feel like God and don't want to be distracted by daily affairs to look for interesting adventures and places. Features: \* Missing an item in Survival? No problem, just add it from the menu. Is he almost dead? Heal yourself or move on to creativity in the game! \* Have you forgotten the recipe for an item? Just check it out via the menu! \* Are you tired of walking whenever you need to get an object from the main chest? Use the teleportation feature! \* Can't find diamonds for hours? Just turn on X-ray mode. Minecraft PE's exciting mobile game is definitely great in many ways. Here, Android users can conveniently discover their fully simulated pixel worlds with interesting interactions and adventures. At the same time, also enjoy playing with friends and mobile players from all over the world. However, there are still some features within the mobile app that have yet to be improved. And by the way, this fantastic Toolbox for Minecraft application: PE will definitely come in handy whenever you need to make changes to your current gameplay. Enjoy working with the brilliant Minecraft launcher and mod menu where you try to change your game worlds to your liking. From enabling some mods to make the game more enjoyable to completely change the mobile title with the mod configurations available. Learn more about this interesting Toolbox for Minecraft: PE app with our full reviews. Here in Toolbox for Minecraft: PE, Android users can work comfortably to improve their mobile game with impressive changes, which can be easily applied to current gameplay. Enjoy the classic Minecraft: Pocket Edition even more, now that you are able to change game items, effects, enable various interactions, set different lock settings, the list continues. Just go to the in-app menu and collect all the items you're missing. Enjoy exploring the dark caves in the fantastic fullbright mode. Use the mini map so you can navigate easily. Enjoy comfortable teleportation controls, which will make it much easier for you to move between large maps. Enjoy working with X-ray visions to easily discover diamonds and other valuable resources. Create as many structures as you want in seconds. All these incredible features will make your Minecraft gameplay much more exciting. For those of you who are interested, you can enjoy working with the free Toolbox for Minecraft: PE application on the Google Play Store. Enjoy exploring many of its features available to make better game. Also make some payments in the game to unlock more features so you can enjoy the app to the fullest. At the same time, you'll need to provide the app with certain access permissions, which are required to enable the full mobile app on your devices. And don't forget to make your Android devices work at the latest possible firmware versions, preferably Android 4.4 and later. This should ensure the compatibility of the app with your devices and with Minecraft: PE. And last but not least, don't forget that you'll also need a game available on your system to start enjoying Toolbox for Minecraft: PE. Then make sure you buy it and install it before you can use the app. Here are all the exciting features that the app has to offer:For starters, Android users in Toolbox for Minecraft: PE can work comfortably with the much more intuitive and accessible application on their mobile devices. Just navigate yourself on the map with ease, thanks to the minimap addition in Toolbox for Minecraft: PE. Here, you can freely identify all the elements available on the map, including yourself, creatures, mobs, terrain, heights, and so on. Therefore, making it much easier to navigate around the map. Plus, you can enjoy working with the waypoint settings available on the mini map, which will make it much easier for you to find the right directions. Save waypoints that are important to your homes, the places you want to revisit, and more. All this can then guide you to the selected locations quite easily. And to make in-game combat more convenient, Toolbox for Minecraft: PE also provides intuitive armor to accurately showcase their features. Also, thanks to the damage indicator, you will know exactly how much damage you have taken. At the same time, also enjoy your full control over the fantastic mobile title, as you take over all the different aspects in Minecraft: PE. Player: Easily introduce your players to different Survival or Creativity game modes. Enjoy working with many health options to heal or kill the player immediately. Enable many special abilities, which will allow them to fly into the fantastic skies. Instantly raise your character's level to the maximum of extensions and enjoy much better stats. World: Enjoy creating and customizing your gaming world to your liking with many different options. Enjoy working with lots of amazing features within the game and unlock your awesome worlds. Teleportation - and if you're tired of traditional modes of transport, feel free to use teleportation features in Toolbox for Minecraft: PE, which will allow Android users to move comfortably around the massive map in an instance. Just enable the feature, select the desired location, and you can start moving easily. Potion effect - in addition, you can freely alter the effects of many potions in Minecraft: PE, PE, will make the whole gameplay much more exciting. Use selected potions to enable blindness, nausea, and other debuffs on your opponents. Or enable strength, endurance, haste and other buffs on your characters. Inventory: If you find yourself losing items within the game or are desperate for one, you can easily select the items you want to have in the Inventory option. Explore thousands of items and resources within the game and learn more about their attributes. Quick construction - and last but not least, for the construction and introduction of new structures to the game, Toolbox for Minecraft: PE will provide users with the Rapid Build and Reach option, which will immediately complete your crafts and buildings. In addition, the added features will ensure you have access to many brilliant building projects. And with Fullbright mode now available on the app, Android players in Minecraft: PE won't find themselves disturbed by caves or low-light situations in the game. Always have complete controls on the surrounding environments and enjoy the fantastic toolbox for Minecraft: PE application with your game. In addition, to make it easier for users to discover the map, Toolbox for Minecraft: PE also provides its X-ray vision, which you can easily enable to instantly see everything within thick layers of blocks. Feel free to look for diamonds, golds, and many valuable resources within the map. Or discover interesting interactions between other players when all their movements and locations are now exposed to your divine eyes. For those of you who are interested, you can even customize the mobs and game creatures, which will make sure that Android players can really enjoy the fantastic title. Enjoy working with the available mobs and creatures, each with lots of great mods in Toolbox for Minecraft: PE. Enable various settings and make the game more exciting for your preferences. Plus, with interesting tricks to boost your characters, Android users in Toolbox for Minecraft: PE can have more fun with their gameplay. Let your characters be completely immortal so they can do whatever you want without being killed. Enable jumps at the top that allow you to overcome two blocks at once. Use the instakill option to make your character much more powerful. And it also explores many other tricks on all aspects of the game, which will make the mobile much more fun. With the collected items, you can freely customize their different stats to your liking. Enable multiple in-game items and weapons, each with their own amazing stats and attributes. Enjoy working with customizable props and weapons each that you're ready. And last but not least, with toolbox for Minecraft's free and unlocked application: PE on our website, Android users can enjoy it even more. Here, we don't get we get from unwanted in-app ads and purchases. Feel free to use the full app whenever you want. All you need is to download the Toolbox for Minecraft: PE Mod APK on our website.
