and sum of all living beings. Now scattered among the ruins and guarded by idle titans accused of caring for them, a lone hero with only one arrow is once again assembling fragments of Titan Seoul in pursuit of truth and power. Huge Titans: Explore the ancient ruins of your ancestors and uncover
extraordinary and unique titans, each with their own wild attacks and hidden weaknesses. Find and exploit their bugs to kill the beasts and culture the initial power inside them. Simple battle: Loosen the lone arrow of monstrous titans and call it back to your hand to unleash another powerful blow. Rush
and escape titanium attacks, but fear not death, as it is both inevitable and abundant in Titan Souls. Arcane Secrets: This plot is not without its secrets. Long-forgotten titans are hidden in the shadows and lurking farthest through the corners of the earth – find them, destroy them, and take their souls to
themselves to discover the true extent of the power here • The Vast Titans: Explore the ancient ruins of your ancestors and unique titans, each with their own wild attacks and hidden weaknesses. Find and exploit their bugs to kill the beasts and culture the initial power inside
