They are the ones that will determine the base on which you can build. Now you will see the best guides to start learning Japanese, I assure you that if you follow each of them you will be speaking Japanese soon. But WAIT! before going to the manuals to read so you can know how to use them. Step #1: LEARN EASY: ABECEDARIO JAPONES HIRAGANA Time is estimated to be between 1 day and 1 week. Hiragan's syllable is the Japanese version of the alphabet, at least one of them. This is one of the 3 Japanese systems that need to be studied in order to be able to read books in Japanese. Two other Japanese syllabic katakana and Kanji are Japanese. However, Hiragan is where you need to start. The ability to read Hiragana is a prerequisite for most books and resources to learn Japanese. This will be the first thing you will learn in the classroom. That's a good starting point. Most Japanese courses spend about a month studying Hiragana's reading and writing. It's too much! Instead of writing each Hiragan character over and over again to remember them use a guide that will leave you down and in a few hours you can read and write Hiragan. Here's how you'll start learning Japanese today. It uses mnemotechnics and sheets that are designed to help you remember and that you can use Hiragana to what you believe. 🍷 GUIDE: HOW LEARN JAPONES HIRAGANA It is important that you keep in mind that this guide will teach you how to read Hiragana rather than how to write it (although you will certainly learn some of this as well). Of course, it has a purpose. It is very important to be able to write Hiragan by hand, and eventually you will, however now I would delay your learning a little. I'm sure 99% of you spend writing to do it on your PC or on your mobile phone. It's also write Hiragan (Katakana and Kanji too). In fact at this point an app like Hiragana Pro will sell you super. This combined with mnemotechnics and practice sheets will allow you to be able to read Hiragan in a day or two rather than the month it may take. Step #2: LEARN TO SPEAK: JAPANESE PRONUNCIATION A Expensive Time: Variable (on the way). Pronunciation in Japanese Good pronunciation begins with Hiragana. Even if Hiragan alone doesn't teach you all about Japanese, it's the key to understanding how to pronounce Japanese. In addition, it will give you the basics to sound like native Japanese. Hiragan will give you 80% of this part. To cover the remaining 20%, I'll leave you with a guide to the basics of Japanese pronunciation. Before you start learning how to read Hiragan you can also read the Japanese Sounds and Mouth section. Once you have finished learning to read the Japanese alphabet Basico Hiragana you will return to this point and read the important differences section. This is a comparison of sounds that exist in Japanese, not in English or Spanish. What's more, if you plan to learn English and Japanese at the same time it comes to you divine. 🍷 GUIDE: HOW TO DO IN JAPONES pronunciation work better from the beginning. Don't ignore it because it's hard. This is very important for learning spoken Japanese. When things get tough, it's important that you spend time studying. Yes, you have already learned basic Japanese. Step #3: LEARN TO WRITE JAPONES: ABECEDARIO HIRAGANA Time Dear: From a few hours to 2 days. Preliminary requirement: Being able to read Hiragana Teclad Hiragana Now you can read and pronounce Hiragana it's time to learn how to write Japanese on PC and Mobile. First of all, you need to install a Japanese keyboard. Fortunately, you don't need to buy any extra parts for it. Just download the IME (Input Method) software for free. You can add an IME keyboard on almost any PC, smartphone or operating system. Follow the guide below for IME. 🍷 GUIDE: HOW INSTALL A JAPANESE KEYBOARD Once you have installed everything it's time to start typing in Japanese. Step #4: STUDY KANJI JAPONES: UNDERSTAND THAT IT IS KANJI Time Dear: Variable Kanjin is our method to be a master of Japanese you will be able to learn kanji reading early. Once you can read and write Hiragan it's time to start memorizing Kanji. Our Foundation is the hardest part of learning Japanese remembers Kanji. At least that's what people say. But leaving it at the end or postponing it won't help Training. Almost everything is used by Kanji, which makes it one of the most important aspects when it comes to learning Japanese. The quality of your training will depend heavily if you ignore it. When using books most of the time, beginners continue to search for and learn vocabulary in Japanese. This takes away from you the Japanese grammar you are trying to learn and memorize. It becomes frustrating and slow. Studying some Kanjis and vocabulary at first makes learning grammar faster and easier. Kanji maintains vocabulary, vocabulary helps communication and grammar humiliate everything. Without vocabulary, grammar doesn't make much sense. This problem makes grammar very abstract and complex. As with the guide to learning Japanese Hiragan, we have a guide to learning and memorizing the main Japanese kanjis faster. Of course, the guide serves to explore and memorize as much Kanji as you want. So it will be easier than everyone says, it will even be nice to study Kanji. This first Kanji dictionary will help you get an idea of how to use Japanese quickly. This may seem slow at first, but then it will encourage learning Japanese. You will find that passing the barrier from beginner to intermediate is not difficult to follow this guide. If you've already started this guide, check it out. Understand that it is Kanjis, and where and when to use Kanjis. To do this I leave you a guide more. 🍷 GUIDE: ON-YOMI VS KUN-YOMI Differences While you have managed to understand how to read Kanji, you'll be ready to learn more of the current Kanjis. Step #5: LEARN KANJI JAPONES AND FIX KNOWLEDGE Estimated Time: 3 to 6 months. Basic Kanjis you should start training Katakana (next step) by following this step. Training Kaji and storing knowledge will take about 3 months. In fact you can complete all the steps to the Japanese beginner while working on this step. Well, it's time to learn Kanji. First, let's define what it means to study Kaji, which is the main one for those who learn Japanese. Then you'll know what to expect. When we talk about Kanji Training, we mean learning the most important Kanjis. It is also its meaning in Spanish and its most common reading. As you should already know, because of On-Yomi and Kun-Yomi reading each Kanji may sound different. Translation is not always 100% correct, so you will learn the most important readings and values. Meaning and reading can be memorized by practicing and studying vocabulary. Once you get to know Kanji, you should learn vocabulary with such Kanjis. Also, as you remember, you should learn some grammar later. Finally, your goal should be to learn about the 2000 most important Kanjis. Similarly, about 6,000 or vocabulary of words to use Kanjis. With this growth you should be able to read almost everything. Your goal should be to learn for every 20 or 30 Kanjis, 100 words to use these Kanjis (weekly). Don't despair if it seems too much for you. Here I leave you a guide to remember Kanjis. 🍷 GUIDE: KANJI JAPONES WITH METHOD MNEMONIC AND RADICAL S In a guide you will learn the meaning of the most important Kanji and their readings.
