Legacy of Discord - FuriousWings is a game that has a large real-time combat system on a beautiful 3D draw. Plus, there are a lot of exciting and interesting action scenes. It will be a significant experience for the players. This hit game was released in the Nordic version on February 21, 2017, at 9:00 a.m. It's available for free in Google Play and the iOS App Store. It is produced and published by GTarcade. Players around the world can join servers, create characters, create and join guilds, participate in PVP and PvE content. Step onto the Legacy of Discord - FuriousWings playground; Players will be involved in large PVP battles in real time. On a beautiful 3D graphics platform, players will experience fast, intense and convenient matches. In addition, players will also enjoy vivid eye-cutting action scenes, explosive explosions in the game's vast fantasy world. And there are many other unique features that Legacy of Discord - FuriousWings is waiting for players to participate in the discovery. Referring to this unique series of fighting games, you can not ignore the prominent advantage that it is fully built on an engine perfectly compatible with the mobile platform. Therefore, you will find eye-catching not only images, but also a number of unprecedented fantasy combat effects. In Legacy of Discord, to attack dangerous Dungeons or clash with opponents in the Arena or a large PVP battlefield, players will collaborate with friends. Build up and turn into a warrior with extra-determined wings and become god of war. And above all, players can easily recognize the novices in this game very famous because it is almost identical to MU Online legends from equipment, shaped characters, environment to light effects. Story Legacy of Discord - FuriousWings on iOS and Android platforms has a gameplay that takes place at a fast pace and is attractive. This game allows players to experience many interesting game modes such as Co-op, Dungeon and PVP battles in real time. About the control mechanism is simple. Legacy of Discord - FuriousWings uses the combat mechanism of the famous narrow quillotine game, operated by the virtual on-screen keyboard system is intuitive. The characters in the game are incredibly detailed in design, smooth movement and magical effects extremely appealing. In addition, the monster system in the game is also diverse in strength, all sorts of sizes, large and small, creating different challenges, forcing players to In the game, there are hundreds of items and equipment provided for players to adapt their characters. Coming to Legacy of Discord - FuriousWings, players will have the opportunity to become powerful gladiators of the War-Two era. The game takes players into a vast, unspoiled and dangerous world with horrific slash screens, terrible explosions in the legacy of Discord world. Here you can fight and defeat the enemy with many powerful tactics, team up with friends to fight sinister dungeons or clash with impressive opponents in arena (Arena) and PVP Battleground (PVP Battlefield) on a large scale. Upgrade your skills and turn into warriors with certain wings and become the invincible God of war. Warriors have different powers depending on the system, which is extremely rare in other MMORPG series. And more accurately, you also have the opportunity to tame mythical beasts by becoming pets that effectively help you in every battle. The game is also built on devastating skills and combinations with terrifying power. With this ability, you will be amazed at the fun legacy of discord - FuriousWings gives you. Built with a new mobile-optimized engine, Legacy of Discord - FuriousWings APK culminated in the best of what the phone can do. In the open world - Overworld, you will have a lot of work to do before you go out and breed monsters there. Here you will have a lot of stores selling/upgrading equipment, items and daily gifts at check-in every day. You need to make sure that equipment and items are needed before entering the search or map of the farm. Legacy of Discord's beating system is essential; You only need gold to upgrade your skills and equipment with about 1500 gold and gradually increase with the level. The value of the upgrade also applies to armor equipment that you should also note for upgrading before moving on. For too heavy missions, pay attention to skills testing. You should update your equipment to the maximum to reduce game issues if you're stuck. For each mission, you may need to pass from 1 to 10 carats per area. Depending on the task, you just need to kill monsters, kill the boss or harder than surviving many monster waves. Depending on the character you choose, the tasks will be simple - or difficult to overcome. Rage Ma is free to sweep the monster loop quickly and directly to the boss with regular attacks without hesitation. Sword Masters are more balanced when they can attack straight to their destination or combine with many skills, moving. Finally, the Sorceress girl with high impairment abilities, but can only use the underlying skill. Depending on your style of play and mission, you can change the character. Don't just play one character for each situation. If you're a newcomer, try all PVP features like Icefire Field and Guild War receive many gifts (albeit small, but very important). In addition, PvE features such as Dung Farm Gold are also essential for new ones to have more money for farms and upgrade their skills/equipment. Built on advanced engine technology and wearing a full 3D coat, Legacy of Discord opens up an excellent spatial setting that makes players feel like they're stepping into a mythical world. When the level is sufficient, and the object is broken to a certain level, the figure will transform into a very cold body and become stronger. More information in several upcoming versions may seem like the name Assassin in transformation. The game has up to 52 types of pets for players to collect freely. Types of pets provide different indices from normal to rare. The unique thing is that the pet has put together the strength to create exceptional statistics that can not be found anywhere. If MU players are proud of the game with many wings, they will fall in love with super beautiful wings in LoD. The game has 46 different types of wings. Players can incarnate themselves as angels if the wizard combined and angel wings or devil if the combination between spirit and demon wings and many other great options. Another great thing LoD brings is that the PVP battlefield is very rich and bloody. It can be said that the game converges all the best game modes such as the train yard competition, mod five vs. five looks pretty similar to Dday, Battle Royal mode or Guild war. All features extend a reasonable time for players to participate in these activities. In addition, the game also supports the system of automatic support for the maximum when copying or searching for resources. The game has three main classes: Berserker, Blade and Sorcerer. It corresponds to three systems: lightning - Lightning - it is a blade system, followed by the fire system - Fire - berserker mode and finally the ice system - Frost - the Wizard system. The game has two types of attacks The first is Ele.atk (attack element) - it uses the force of the attack, also known as magical power, any increase in system damage. This system does. The second is physical assault, which is a physical attack unique to the berser and blade. And the Wizard is a magical pity. Special: Hit: Standard Attack Pierce: Armor Penetration Dodge: Dodge Block: Shield (Penetration Resistance) Critical: Critical Resil: Reduction of Critical Strikes Dr indicators: Fire Res (FR): Fire Resistance Frost Res (FR): Resistance to Ice Lightning Res (LR): Lightning Resistance Element Resistance: Resistance Elements (It's a Little Hard to Tell, It's component resistance, resistance ele.atk) - Price Battle (BR) is one of the most important things in legacy of discord game. There are many ways to become stronger and get more BR, such as participating in a robbery three times a day will accelerate progress to the level and the chance to win, after Boss. You can refer to some tips to have a high BR: You need to join a good guild. According to BR statistics, the better the guild, the greater the chance of winning items. When entering the guild you will have the opportunity to pick up more items than you can play without entering the guild. After joining the guild, leveling should always be a priority. To improve your data, you can improve, improve, supplement, fight, socket, and magic. However, the problem is not only how many times you upgrade, but also how well you upgrade the item. Always leave items at the maximum upgrade level. The next level of item upgrades will be available when you increase the level. Do your items by level. You will receive a reward for fine-tuning an item at the same level. Each 5-level increase will also get a bonus for each item. You can improve the stone with recipes from Dungeons or the Arcanite store. Upgrade your items according to the level at which you will receive bonuses. You can get Augmen stone to increase equipment through Mystic Chests, Looting, Guild Shop, Pet Guild, Belief Guild. Upgrade weapons with items that will make you significantly more robust. To upgrade your weapons, you need to find a resuscitation stones. You can find it in: Diamond shop, Obsidian shop, City defense. Insert gems into items, remember each Gem, and try to keep the balance of items. You can earn GEM and GEM pieces from Elite Exile. Skill is an essential factor in assessing the value of heroes in battle. Upgrade skills more, you'll be stronger and have more BR in Legacy of discord. Badges also help you earn experience points, while fleeces only help you increase the attack and attack of the elements. You can get Runes and fleece fragments from the runic area. Exceeding the limit will build on your character. When you complete one stage, you will receive gifts from Legacy of discord to help you increase your BR. Adventure is always the primary attraction in games that appeal to Gamers. Tower of Eternity will bring you Eternum, Runic Realm, help you get Runes, a scenario from which you will get stones and relics, Gold Dungeon, Ex Dungeon, City Defense for Reforging Stone. Every pet activated, you will be upgraded BR. Once you have activated the pet, collect all the pet stones and reinforce the stones from another Revival pet or from soul and dungeon stores. Animals will sick and help you a lot in battles. Blitz is the fastest way to complete some adventures such as Tower of Eternity, Runic Realm, Heroes and City Defense. Keep in the contest that blitz also consumes endurance. Every chapter you complete, you get stars. Activate and upgrade apocalyptic books to unlock some benefits with these stars. No one likes to pay, but you should consider upgrading to a VIP member. Because it means you'll increase your BR is possible faster. The best way to upgrade is vip15 of In the long run, it will help you, provide a lot of privileges and increase wrathwings activation speed. Completing your daily mission helps upgrade characters to receive gold and diamonds MMORPG is a breeding ground that many developers target. There is no shortage of games of this genre in the gaming market today, such as MU Online or Blade II - The Return of Evil. Overall, Legacy of Discord uses a role-playing game fighting mechanism to be familiar with on-screen virtual keyboard control. The design of the character movement in the game is smooth and has an extremely appealing skill effect. The monster system in the game is also very diverse, large and small, and creates many challenges for players. This is a fascinating game and convergence of extraordinary advantages. Why are you waiting to live to see it today? Today!
