Double Wear is made in your shade. It is a matte foundation that looks flawless and natural barn foundation that feels light and so comfortable, you do not believe that it is super long-haired. No touchups required. Unifies the uneven skintone and covers the gap-buildable, medium to complete coating foundation. Remains the color true. Does not look gray on deeper skin tones. Our best base for long wear, Double Wear is without oil and oil control. This transfer of durable and waterproof foundation formula lasts in hot and humid weather. Keep up with your busy day. For millions of women, it's Double Wear or anything. Put it once and don't think twice. Find your porton: Choose the skin intensity level (from light to deep) and shade (cool, neutral or warm). HOW TO FIX YOUR UNDERTONE is the way your bare skin looks and behaves. Who sounds the most like you? Cool (C) undertones: Bald skin has a rosy tone and burns easily in the sun. Neutral (N) tones: The nudity is smoother toned, not too pink or golden. Warm (W) undertones: Bald skin has a golden or olive tone and tans lightly in the sun.
