Factors affecting these ratings include: Design of exterior space construction and facilities I was moving out, so there were no items left in my apartment. Unfortunately my fire alarm started crying and the front office refused to help me with any stairs or support, as it was in the lease I had to replace the fire alarm battery. This is one of many cases, and since I moved out, it's very corporate and they are morally bankrupt, honestly, Avoid avoiding... I absolutely love this place! It is also located close to the target. The residents' activities were also very enjoyable, with excellent location, 9.5/10! They do excellent extra work and pay attention to their residents.
