BODY WORLDS takes visitors on an unforgettable journey into the human body. The unique exhibit gives a fascinating insight into the complex structure of the body and explains how functional systems and organs interact. Visitors will be pleased that the exhibition experience goes much further. Borrowing into the inner body of a stranger, they will discover themselves in a completely new way. BODY WORLDS focuses not only on the transmission of anatomical knowledge. The exhibition is designed to inspire visitors to live consciously, pay more attention to their health, to be aware of their physical potential and limitations, to reflect on what it means to be human.
