In 1977, paranormal investigators Ed and Lorraine Warren travel to London, England, where single mother Peggy Hodgson believes that something evil is in her home. When Peggy's youngest daughter shows signs of demonic possession, Ed and Lorraine try to help the besieged girl just to find themselves the target of malicious spirits. Stream HD Download in HD Like its 2013 predecessor, The Summons 2 serves up a hodge-podge of horror as the procedural paranormal work of Ed and Lorraine Warren (Patrick Wilson and Vera Farmiga) intersects with unexplained household phenomena. This time it's down to the bleak late 70s in Britain, in other words, somewhere rotten near Hell already. Starts Well Ends WellI would have enjoyed the Sorcery 2 much more if it had been half an hour shorter. It starts well and convincingly, and the middle one just pulls. The fears of very good jumping scare some very predictable, but some of that heart racing unexpectedly. The Warrens almost let the movie down because their characters didn't have... The rattle trap haunted house demonic possession film made in scary style. Full reviewThen angrily bizarre follow-up deserves a full score for throw-everything-at-the-screen entertainment value, but none for execution. Full reviewAfter Tresy and The Conjuring, James Wan has his method down. Full reviewOf Summoning 2, unlike pretty much everything else I've seen this year with a 2 in the title, maybe even a slightly better movie than the original. Full reviewThe first installment lacks some of its simplicity and elegance... nevertheless, a seamlessly effective horror movie, building a powerhouse finale rooted in our emotional connection to the film's well-drawn protagonists. Complete review Prepare to not only shake, but stir.
