Android Offline Games - In the midst of the rise of Android games online, it turns out that offline Android games are still many fans. In 2019, there are a number of offline game names that you need to try. The game comes from a variety of genres, such as first-person recording (FPS), RPG and several other genres. In addition to being fun, you can play them for free. I wonder what? Check out the review: 1. Hopeless Raider Game is an FPS genre that takes on horror themes. In this game history has spread viral infection mutations around the world. In order for everyone to survive the disaster, an agent from land X was sent. At the same time, a man who is a mercenary has mutated. The disaster has devastated his family. You're going to play the role of the man. This man's goal is to take revenge with a female agent. 2. Last Day Zombie Survival Game themed zombie is always a bestseller for horror gamers. In this game, you become a hero who survives a swarm of zombies ready to switch at any time. The excitement of the game is also increasingly felt from the background music that comes with you during the game. You only have two options in this game, killed or killed. 3. Code Asylum Game Android offline next comes from action RPG (role playing) genre. Code Asylum is an adventure game in a fantasy world. You can choose from 3 different classes, wizard, archer and warrior. You will be adventurous in the open area with a number of unique dungeons to explore. In this game, players can ride different types of mounts such as horses, dragons and more. 4. CarX Operation Racing 2 For racing game lovers, CarX Drift Racing is a must try. This Android game offers an outstanding racing experience. This game is also realistic, where each player will drive a sports car on many available race tracks. Players will enjoy the fun of side drifting with amazing effects. 5. Playmobil Mars Mission Game is about an adventure in space. An astronaut named Derrek Mitchel accidentally crashed into Mars on a delivery mission. Then, another astronaut where Alvin Goodman went to the site to save the situation. In this game, every player will play alvin. Your mission is to explore the planet Mars. In this game we can fly on rocks using jetpacks, venturing into the darkest corners and various other fun. 6. Reign of Amira Reign of Amira is an action game with amazing graphics and effects. Here you will play Amira who accepts a challenge from her father. Amira's goal is to restore Androa which is the land to return to peace. Androa is said to have been overwhelmed by evil forces. But before you play it, make sure your Android smartphone has a Snapdragon runway kitchen. 7. Zombie Offroad is not as scary as the title, Zombie Offroad is not a horror game but a unique racing game. Zombies are in this game, not as scary as zombies in other horror games. You can hit walking zombies and block you. In addition, you can also use weapons on vehicles to shoot at zombies. There are many cool cars that you can also use. Well, it's the offline Android game you should try in 2020. Don't confuse choosing which one to try first, because everything is guaranteed to be fun and addictive. Here are 5 recommendations of moba offline games for android or iOS the most popular and latest in 2020. The Moba gaming genre in 2020 is in high demand for players from all over the world, especially from Indonesia itself. Moba games that take the concept of 5 vs 5 matches can actually be played online only. To make the atmosphere of the game more interesting because it can play with friends. But make no mistake there are some new game titles in 2020 that take the term moba games yet to be played offline. SPIN Esports will provide recommendations for moba offline games for the most popular and latest android/iOS devices in 2020. The first Legendary Heroes game we recommend is Legendary Heroes. This game is a pretty popular MOBA game that has been around for a long time. But even so the quality of this game as an offline moba game is not in our doubts. The game is almost similar to Dota (Moba PC Game) with differences in the form of heroes, skills or others. Download here via appstore or playstore. READ MORE: 5 Cheapest and best HP Gaming in 2020, Pubg! Heroes Of Order & Chaos So the second game is Heroes Of Order & Chaos, this game has very varied features and it becomes its own attraction. In addition, the choice of heroes in it is also very varied, so that we as players do not get tired of playing this game. Download here via appstore or playstore. Legends Of Ace So the third is Legends Of Ace, where the level of popularity has been very good for players in Indonesia who love to play offline games. This game is perfect for those of you who want to try moba genre offline. Download here via appstore or playstore. The fourth Heroes Evolved Game is Heroes Evolved, has a pretty high rating as an offline moba game that makes this worth playing. Download here via appstore or playstore. Heroes Strike So the last one is Heroes Strike, this one game is slightly different from the game we Over. This game is actually an offline moba game, but the concept is 3 vs 3 Moba Brawl Shooting. Download here via appstore or playstore. They are the 5 best and most popular offline moba game recommendations for android/iOS in 2020.
