Aw, Shadow-sama...--story of :One day, Shadow the Hedgehog was sitting under a donkey petting tree that was taking a nap. Then, he saw someone on the way. It was Shrek the Ogre. The shadow then saw that he was holding a package. Shade gently said: Shrek... He got up and saw him leave. Then he ran to him and said himself: You can't leave this place! He ran after him down the road. Shrek stopped and looked up at the sky. Then he heard someone say: Shrek! He turned around and saw the shadow panting to breathe. He said: Shadow? The shadow screamed: Idiot! Shrek jumped. Shadow said: What were you going to leave?! You can't leave us! His eyes began to fill with tears as he said: Please, Shrek, don't leave. I wouldn't know what to do without you. Shrek, I didn't want to lie to you. I was just said these things to protect Fiona and everyone else from danger. Shrek looked in the shade with a sad in the face as Shadow spoke. Shadow continued: You know I would never lie to you. You're one of my best friends since we first met. You can't be mad at me. I don't want to lose you like I do. I. Joseph Mary. Shrek then began to smile. Tears ran to the shadow cheeks as he said: I don't want to miss you because you're my friend. Because you are always by my side and because... Because... Part 2: [link]-- I repeat, this is not a yaoi photo, it's a friendship photo! As disconcerting as this inhosia union is... what then forces a disproportionate section of the gambling audience to follow that person's lead, and also do the same? For some inexplicable reason, the art of fans representing Shrek and Shadow's interspecies love is one thing. And here are 12 disturbing examples of it. 12.B-BE SOFT... 11. SHREKXSHADOW <3 10.
