Free curbside or in-store pickup UPetselect A Store is also known as slide-action shotgun, pump-action shotguns commonly used for hunting and trapshooting applications. Unlike lever-action and bolt-action shotguns, pump shotguns are ideal where speed is a must, as they do not need to remove the trigger hand when reloading. Pump-action shotguns also offer a lot of flexibility in selecting shotguns. Looking for a pump action shotgun for sale or any other type of firearm? Discover more shotguns to practice the target and hunt on the Academy.com. Features of pump shotgun naturally more reliable in adverse conditions, such as dirt and sand exposure and climate extremes. compared to other types of shotguns, pump shotguns are available in 12 gauges, 20 gauges, 28 gauges and .410 bore. Modern shotguns can be adapted to your personal preferences, with Picatinny accessory rails and bottoms and top rails for some extra luggage. Look for a pump-action shotgun with a shock-riking recoil pad to provide extra cushion between the buttstock and your shoulder, and choose a molded, nonslip grip with a molded, nonslip grip for comfort and firm understanding. If you plan to use a shotgun for hunting, select a design covered with camo to complement your hunting dress and help you mix. For a timeless appearance, choose a pump-action shotgun with a wooden stock and front end. Skip to content starts here. Free shipping at \$25+ with sign-in. See details.
