The Impossible Quiz Book (2009-2012) The Impossible Quizmas is a mini-installment in The Impossible Quiz series to celebrate the 10th The Impossible Quiz Quiz with this game that has Christmas themes. Officially announced on November 11, 2017 and released on December 11, 2017. The mini quiz contains 25 questions in total with some variations here and there, similar to how a Christmas Advent Calendar contains 25 days to count down, and the only power-ups are the Detours. Characters from previous games, including Chris, make an appearance. It is currently the latest version of the series. Development The game was first teased around October 16, 2017, as Splapp-Me-Do posted a picture on his Tumblr of a cropped screenshot of Chris's game wearing a Santa hat, screaming[1]. The following caption reads: I can't believe how fast this year has gone. Soon it'll be Krisma. Earlier in a text post, he confirmed lightly but officially that he was working on an upcoming game[2] as a little something that will (hopefully) be done in time for Christmas, and that he could not say anything else at this time. The further interruption or cancellation of The Impossible Dream seems to have been lifelong as well, with one reply asking on his Tumblr shortly after the tease is When do you think Dream will come out? And with Splapp answer Probably never[3]. A festive Chris. On November 9, 2017, Splapp began publishing teasers of images of toys with Santa hats on them, with the word Soon on them, after a text post that just said NOTICE, SOON.... Ish. There were two of these Short teasers and they lead to a more in-depth analysis of the game. Teaser Questions On November 11, Spapp uploaded a video to YouTube announcing the upcoming game after the short teasers, titled The Impossible Quizmas Teaser. The video begins with a recording of The Impossible Quiz being played on a computer at Newgrounds, with cricket and low pig noises. The quiz has begun, and the following questions appear: One of the questions in the teaser video. Q1: What year did the Impossible Quiz come out? The answer buttons read 2001, 2004, 1949, and 2007. A life is lost and then the correct answer is click, 2007. Q2: How old is he this year? The answer buttons read 3, 69, 10 and 42. The correct answer is click, 10. Q3: How many times has it been played? The answer buttons read 10000000+, More than 4, Sandpaper and Twelvety. The correct answer is click, 10000000+. Q4: How did this happen? The answer buttons read I have no idea, I don't know!, Thanks to ♥ fans! ♥, and Splapp-Me-Do plays endlessly. The correct answer is click, thanks to ♥ fans! ♥. E5: Why hasn't Spapp done anything to celebrate the anniversary? The answer buttons said Forget, Couldn't be arsed, I think he's dead, and The last two lives are lost, and a game over is achieved, then the computer user returns to the last 4 4 carefully, and loses two more lives on this issue. Then the camera zooms in on Has!. Then click the button as the screen turns black with the right ding! playback sound. The teaser then shows some indros, logo, and release date before the end.
