For the note, see Vald's Debt (note). With solid evidence in hand, you and Karliah inform Brynjolf of Mercer Frey's infamous actions. Brynjolf decides that more intelligence is needed on Mercer's plans and asks you to enter Riftweald Manor to see what you can discover, with impunity. The watchdog [edit] ask Brynjolf on Riftweald Manor and he will mention a trained watchdog guarding the house; a man named Vald whom Mercer extorts. Brynjolf suggests you talk to Vex to learn more about Vald. Vex has a few words of choice about Vald, but will also tell you that he works for Mercer Frey because of a debt he owes to Maven Black-Briar. Debt erasure is suggested as a way to get Vald to stop keeping Mercer's house. The Queen Bee and the Quill [edit] To learn the details of the debt, track down Maven, which can usually be found at the Bee and Barb. She tells you that years ago she ordered a unique pen from Winterhold. Vald was supposed to deliver the pen to him, but he lost it at the bottom of Lake Honrich, outside Riften. The location of the pen shown on the local Riften Stables map, head southwest to the lakeside. Forward, you should see a large ship moored at Riften. Swim to the westerner end of this ship and look west across the lake towards Goldenglow Estate to see a similar ship moored there. Halfway to the other boat, the bow of Vald's sunken boat is at the bottom of the lake. As a reference, a small island to the north will mark the halfway point. You will see half of a boat coming out of the ground and the feather is located in Vald's Strongbox (leveled lock) (map). Choose it, take the pen and a leveled amount of gold, then go back in search of Maven. She'll give you a note to take from Vald. Clear the way [edit] Head to the back door of Riftweald Manor and wait there until Vald comes to talk to you. Tell him that you have cleared his debt, and he will want to give you a good ride as well, giving you the key to the Manor and opening the back door for you. Notes [edit] The pen does not reproduce until you've talked to Maven about it, so you can't skip this step. Bugs[edit] Even if you kill Vald, you'll still have the option of dialogue to clear his debt with Maven. Trying to clear Vald's debt after his death will always earn you gold, but you won't be able to the quest by delivering the letter of forgiveness. The quest and the element will remain active. This bug is fixed by the 1.2.4 version of the unofficial Skyrim patch. If the un delivered letter bothers you, it looks like you can place it on the owned shelves. You can also leave it on his corpse. The dialogue option to tell Vald that his debt has disappeared appears as soon as you pick up the pen. Returning it to Maven is therefore optional. It's possible that Vald won't come and talk to you at the door when you bring him the note to clear his debt, becoming hostile to you instead. This can happen if you walked too close to the court after the quest began, but before clearing Vald's debt. This bug is fixed by the 2.0.4 version of the unofficial Skyrim patch. You can also try using Pacify if it becomes hostile and you don't want to kill it. Alternatively, approach it with your weapon and when it attacks go into the console, click on it, type the assault setav 0, get out of the console, then karmente your weapon.
