The St. Charles Public Library is an integral part of the community that has met the information and resource needs of St. Charles residents for over 100 years. The library's role grew from a simple book lending service in 1906 to a multi-service library and information center using 21st-century technology. The Library is recognized for its exceptional collections and programs. His programs and staff have won awards across the state for excellence. The high use and support of the library by the community is indicative of the value that residents place on it. Philanthropy has played an important role in the Library's past, from funds for the first Library, the Carnegie Building of 1908, to grants from the Norris Foundation to renovate the original 1908 structure. The St. Charles Public Library Foundation continues this tradition of philanthropy and community service. What is the St. Charles Public Library Foundation? The St. Charles Public Library Foundation is a non-profit corporation founded in 1993 to provide support to the Library through tax-deductible contributions. What is its purpose? The aim of the Foundation is to provide funds to improve and enrich the Library's programmes and services. Who are the leaders of the Foundation? Library staff information professionals act as guides through the labyrinth of highly specialized information resources now available. How was the Foundation's funds used? Contributions supported programs and projects, such as the concert and speaker series, the construction of the Helen Gale Story Room, the renovation of the Carnegie Community Room, construction, the south parking landscape, and Student Street in youth services. Can I designate how my contribution should be spent? Yes. The Foundation accepts donations for specific projects and for the endowment fund. How can I contribute?
