God of war apk download

God of War: Mobile Edition - a two-dimensional game based on the legendary series of games about Kratos, challenging the Greek gods. The main goal here is to grind enemies with two swords. For each enemy killed, the player will receive a certain amount of points, which can be spent on the purchase of weapons and additional skills. Excellent graphics experience blood and brutality, atmosphere - all this should please fans of this series of games. God of War is a deadly slasher that takes you to the days of majestic Spartan battles and the adventures of a brave war called Kratos, in which you will have to crush a large Persian army, fight various mythical monsters and merciless gods. Ancient Greece awaits you, numerous bloody battles, shining blades, magnificent graphics, as well as a clearly thought out story with many episodes and puzzles. Join the battle and proudly bring it to a logical end. FeaturesGreat battle dynamicsTenny and merciless bossesWell thoughtful storylineReviews skills and skillsNo one waited God of War APK, but it just picked up and appeared. The unofficial game based on the legendary series is now available to owners of Android devices. Unfortunately, it is immediately worth noting that the new product is not available on Google Play and the App Store, and also does not support English (all in Chinese). Unlike the original source, God of War for Android is a dynamic two-dimensional slasher, where the main task of the player is to quickly and effectively deal with hordes of aggressive opponents. For each kill you will be generously rewarded with points (the amount depends on the entertainment and the number of continuous strokes) that you can spend on the purchase of new weapons or additional skills. As a hero – a painfully well-known bandit named Kratos, who is still hard and mercilessly stuffing his enemies with two sharp blades. In other words, fans of the original – they will surely be pleased! In general, it is worth saying that the Android version of God of War is quite a worthy craft from unknown enthusiasts. The game is fun enough, the atmosphere of the source has been completely restored, the branded meat razor is present, but more, as you know, is not required! Version de la app1.0Compatibilidad con AndroidAndroid 4.1.L.x+ (Jelly Bear)DesarrolladorPermisosInformación Detallada Gameplay is similar to the previous instalment and focuses on the fight based on the combo, achieved by the main weapon of the secondary player acquired later in the game. It offers fast time events that require the player to complete various game controller actions in a time sequence to defeat stronger enemies and bosses. Up to three magical attacks and a power-boosting ability can be used as alternative combat options. Platform elements require the player to climb walls, jump through precipices, swing on ropes and balance on beams to pass through sections of the game. Some puzzles are simple, such as moving a box so that the player can use it to access a path unattainable with normal jumps, but others are more complex, such as finding several items in different areas of the game to unlock one doorIn gameplay, blades can be twisted offensively in different maneuvers. Later in the game, Krat acquires a new weapon. Krat learns to use up to three magical abilities and the Horn, giving him many ways to attack and kill enemies. God of War is a hugely popular PS game that is well known for its amazing graphics and distinct gameplay. The game has been highly sought after by players since its release date so far. The game includes furious battles of gods and destructive monsters, which are usually an arena from ancient Greece. However, the game is not available in official play stores such as the Google Play Store and the IOS Play Store. But some unknown publishers brought it to Android devices, modifying its origin. This is really a gift for game aspirants who wanted it on Android smartphones. WHY DO YOU PLAY GOD OF WAR? The gameplay and plot are amazing for the God of War. PS users applauded this and led it to the respect section of the games. The game revolves around a period of majestic Spartan battles.
