Trivia's first safe combination found in the disgraced, disgraced 2 and death of the Outsider, 451, is an ongoing reference to what began as a System Shock game series by now defunct game company Looking Glass Studios whose disgraced co-creative director Harvey Smith worked. This reference has also been observed in more games with ex-employees of Looking Glass Studios. On the mission of Bank Job, the safe owned by Morgan Yu in the bank is a reference to the protagonist of Prey, the game Arkane Studios. The combination , 315, is a reference to March 15th, the day Morgan Yu seems to relive the game. The connection content is available under CC-BY-SA unless otherwise stated. Noted.
