This is A Book NIMAC Copyright: 2015 Book Quality: Quality Publisher ISBN-13: 9780544087606 Publisher: Houghton Mifflin Harcourt Publishing Date Supplement: 06/1 1/14 Copyright By: Houghton Mifflin Harcourt Publishing Company Adult Content: No Language: English Has Image Descriptions: No Categories: Textbooks Grade Levels: Sixth Grade Submitted by: Bookshare Staff Usage Restrictions: This is a copyrighted book. Houghton Mifflin Harcourt Publishing Company This item does not belong on this page. Thanks, we'll check it out. Dramatic historical stories, current events, and multi-genre, deejunctive texts ensure that the content fits age and is always fascinating for students. Teaching enables meaningful conversations about the texts to promote clarity and active learning, helping students with annotation, analysis and creative thinking. Online tools help students modify, evaluate, and integrate text evidence and inflte feedback from both colleagues and teachers. Performance tasks and text mentors offer practice and support to hone listening, speaking, and writing skills. Category Description for Entire Programs - Language Art: Language art programs listed in this section cover most areas of language arts (reading/literature, writing, grammar, spelling and handwriting) in one curriculum, although some skill areas may be covered at a lower intensity than a focused, independent course. Start typing your question and see if it's already been asked and answered. Learn more about excluding HTML, links, references to other stores, pricing, or contact information. My question is: if your question is about more than one item, click + to add them. Does the digital component also contain an answer key or score milestones for parents? Best answer: I don't find the digital component to be super useful. It was just like an online notebook with which to do the same activities as in the book. I haven't seen a rating tool but I'm not looking for one either. However, the book is quite impressive. I loved how they focused on units in terms of big lives that are important for social and emotional growth. The stories and articles were considered to inspire people both white and white. I enjoyed it as an adult. I also enjoyed the conversations that resulted from the material because it provided a platform for important questions to develop. I'd offer this book to most students but not to a kid who's too anxious. Some of the stories present deep emotion or global problems. Make sure your child is ready to expand as a person. The majority will be lost on a high-functioning autistic child who is 11 or 12 years old. It would be good for an older autistic child. Best answer: I don't find the digital component to be super useful. It was just like an online notebook with which to do the same activities as in the book. I didn't see a rating tool, but I didn't look. One or the other. However, the book is quite impressive.
