Whether you enjoy comedies, mysteries, documentaries or more completely, you can find a large selection of movies online for free. In this article, I'll take a look at 12 of the best websites and resources to watch free movies. I have visited each of the websites listed below, and I have tried some videos of each to ensure quality, check for ads and see what is available free of charge. Where to watch free movies online When you start searching for free movies online, it won't be long before you start coming across less reputable websites. Some may require paid subscriptions or subscriptions, while others provide access to pirated content. Still, there are several websites, apps and streaming services that can be used to watch movies and TV shows legally and completely free. Among them are Crackle, The Roku Channel, IMDb TV, Tubi, Vudu and more. If you're looking for a complete list of free ways to watch movies you'd normally have to pay for, you probably won't find it on this list. Instead, I've compiled 12 completely legal and free ways to watch movies online, most of which are ad-supported. Note that Ad Pain is rated from low to high based on the length and frequency of disruptive ads. If you're looking for a totally ad-free experience, be sure to check out Kanopy or Hoopla, which are driven by educational institutions. Still, you shouldn't have to download anything or enter any payment information to access the free content. At most, you may need to turn off ad blocker if you're watching online. Below you will find detailed information about 12 different places where you can legally stream free movies and TV shows. Kanopy Genres: Classic Cinema, Comedies, Drama, Independent Movies, Best World Cinema For: Documentaries and Educational Content Platforms: App (phone/tablet), Computer (website), Kanopy TV (app/casting) partners with thousands of public libraries and universities to provide ad-free programs and movies. You can use your library card or the content of access to the school's email address at TV, mobile phone, tablet or online. I entered my library card number and then used my name and email address to create a Kanopy account. Once you're signed in, you'll be able to watch up to five movies a month. In the upper-right corner of the screen, you'll see a number that indicates how many credits you have left for the month or how many shows you can watch. You can enjoy unlimited moves in the Kanopy Kids section. In addition to film, Kanopy also provides access to documentaries on culture, arts, business, education, global studies, health and more. As I moved through the selection, I didn't see many titles I recognized. Still, the wide selection of independent films, documentaries and world cinema was enough to keep me navigating through several pages of interesting titles. Once you've found a movie you'd like to watch, you can click on the title for additional information, related titles, and comments, which can often include helpful recommendations. Most videos also include ratings, subtitles, and transcripts. Kanopy is available as a mobile app on iOS, Android, and Amazon Fire devices. You can also access the TV app through Apple TV, Amazon Fire TV, Android TV, Samsung Smart TV, Roku, Telstra TV or Chromecast. If you don't have access to any of these devices, you can also connect your computer to your TV using an HDMI cable to watch Kanopy on your TV. To learn more about getting started and what's available, be sure to check out our Kanopy review. Pros: Cons: No ads Wide variety of topics, especially if you're looking for documentaries or educational movies Limited to five monthly videos Content is not downloadable You'll need to sign in or create an account to stream Hoopla Major Genres: Action & Adventure, Kids, Comedy, Documentary, Family, Romance, Science Fiction, Best Thrillers for: Ad-free, Offline Viewing Platforms: App (Phone/Tablet), Computer (Website), TV (App/Casting) Hoopla is Midwest Tape's digital service, which is a leading provider of entertainment and media to public libraries across North America. You'll find digital videos (movies and TV shows), as well as music, audiobooks, eBooks and more than 1,500 libraries. Hoopla works just like a public library, which means you can take cards on the day digital movies instantly at any time using your library card. If you don't already have an account, you sign up for free online. You will need to log in to borrow anything. Once you're signed in, you'll be able to see the titles anything you've borrowed today, recommendations based on what you've borrowed before, what's popular, and everything you've added to your favorites. You can also click browse at the top of the screen or search for titles using the search bar. After finding a title you're interested in, you can see the details of the movie description, as well as ratings from other Hoopla users. When you're ready to review something, just click Borrow. You'll see a message that tells you how long you'll have access to the title (usually 2-3 days) and whether it's available for streaming, downloading, or both. The title will be automatically returned when it is returned. Once you've borrowed a movie or show, you can watch it at any time without ads. Subtitles are also usually available. In addition to movies and TV shows, Hoopla also provides access to audiobooks, eBooks, music and more. You can access Hoopla on any web browser or Apple/Android devices. You can also stream content through your Amazon Fire TV, Chromecast, or Roku device. Pros: Cons: No ads during TV shows and movies you've borrowed Some content you can download Once you check out a wide variety of content and media You have to log in with your library card or create a free account to check out the movies You can check out only five titles each month Crackle Major Genres: Action, Classics, Comedy, Drama, Thriller, Reality, Original, Best For: Classic Shows, Comedy Movies, Favorite Star-Filled Platforms: App (Phone/Tablet), Computer (Website) and TV (TV/Casting App). Owned by Chicken Soup for Soul Entertainment and Sony Pictures Television, Crackle is a streaming service that features original content as well as TV shows and movies purchased from other companies. You'll find both old and new shows/movies in a wide variety of genres with hidden talent as well as famous names. As I moved through the featured categories, I recognized The Rock, John Travolta, Ashton Kutcher, Steve Carell, Gene Wilder, Chase Elliott and more. There's something for everyone in Crackle with lots of featured categories, including Cars, Trains and Airplanes, Summer Retracement, Home School, Documentary and Classic. This free entertainment network is available on many popular platforms, including web browsers, Amazon Fire TV Stick, Chromecast, Roku, Android and Apple devices. For a complete list of supported devices, visit the website. With Crackle, you don't have to create an account to start streaming. But if you want to save a movie to watch later, you'll need to sign in. Creating an account is easy and free; just click Sign in on the home page to get started. Whether you create a free account or start watching right away, you'll still need to sit through some ads. That means you'll have to deactivate ad blocker before streaming online. According to the website, running ads with available programming allows Crackle to ensure that the service is still free in the U.S. and Australia. Before a movie starts, you'll see a couple of ads. After it starts, you'll have periodic trade breaks The movie. The video in the screenshot above is one hour and 40 minutes long, and you can see that there are eight ad breaks after it starts. During ad breaks, I had the option to choose whether I wanted to interact with an ad for 30 seconds or watch regular ads for a normal break (about 2.5 minutes). On the screen below the movie, you'll see options to add it to a later playlist (if you're signed in to a free account), share it on social media, view details about the movie, and watch similar recommended movies. In addition to the details and description, you'll also see why you creak, which is a short blur about what Crackle thinks makes the movie great. Pros: Cons: Excellent variety and streaming quality You can choose how long ads do not have to create an account to stream Some movies and shows are only available for a limited time due to agreements with programming providers Content cannot be viewed offline IMDb TV Major Genres: Comedies, Chills & Thrills, Action & Adventure, Romance, Documentaries, Science Fiction, Family, Drama Best For: Hit TV shows and major Hollywood hit platforms: App (phone/tablet), Computer (website), TV (app/casting) Owned by Amazon, IMDb TV is another free, ad-supported streaming video resource. You can access IMDb app content, IMDb website, Amazon Prime Video app, and Amazon Fire TV devices. You'll need to sign in to access free IMDb TV content, but you can create an account for free. Alternatively, you can sign in with your Amazon, Facebook, Google, or Apple account to access the content. Once you're signed in, you'll be able to stream available movies and shows, add videos to a playlist, and save your place if you need to pause the video and resume viewing at a different time or on a different device. No matter how you choose to sign in or which device you use, know that IMDb TV videos cannot be purchased or downloaded for offline viewing. That means you'll need to see some ads. In the video shown below, you can see that there are six ads in this 90-minute movie. While watching a show or movie, you have the option to turn on the X-Ray feature. This displays small pop-ups in the corner of the screen with interesting data relevant to the scene you're watching. On the other side of the screen, you can choose to adjust subtitles, video quality, audio, and screen size. When I visited IMDb TV, I found several popular titles in the Recently Added section, Shrek, Eat Pray Love and Seabiscuit. Other popular titles include The Sisterhood of the Traveling Pants, Life of Pi and 3rd Rock From the Sun. In addition to TV shows and major Hollywood releases, you'll also find IMDb TV originals and a full section of Hidden Gems. Pros: Cons: Popular Titles and Hidden Hidden Gems Video quality (up to HD) You can choose to watch interesting facts throughout movies with the X-Ray Limited Selection Content cannot be downloaded You will need to log in or create an account to stream Pluto TV Genres: Comfort Movies, Sitcoms, TV Dramas, Action, Comedy, Drama, Family, Indies Best for: Live TV Platforms: App (phone/tablet), Computer (website), TV (app/casting) On Pluto TV, you will find hundreds of free TV channels and thousands of free movies. The Internet TV service offers free ad-supported content including live TV and on-demand titles. You can access Pluto TV online using your computer, iOS or Android device. You can also stream Pluto TV on Amazon Fire TV, Chromecast, PlayStation, Roku, Samsung, and Vizio devices. I used my computer to visit the online website. When I first got to the website, I clicked Watch For Now to get started. From there, I was able to choose between live TV or On Demand at the top of the screen. On Demand has several categories, including the genres listed above, plus popular movies, major TV series, new movies and more. If you are looking for live TV, you will find a large selection of free channels. You can browse live channels by category, including highlights, movies, news, reality, comedy, classic, sports, kids and more. You'll see hundreds of popular TV networks, including TV Land, MTV, CSI and Comedy Central. With live channels and titles on demand, you'll see recurring ads the

same way you would traditional TELEVISION. In my experience, ads tended to appear around every eight minutes. You won't need to create an account to start streaming content, but it's free to sign up for one if you want. An account allows you to track your favorite movies and channels, as well as receive updates on new content. Pros: Cons: A wide variety of titles on demand, as well as live TV channels You don't need an account to stream frequent ads Roku channel content: Family, Adventure, Drama, Reality, Anime, Sports, Best News for: Reality and Live TV platforms: App (phone/tablet), Computer (website), TV (app/casting) The Roku channel is another free ad-supported resource that provides access to broadcast content. You don't have to have a Roku device to access the Roku channel. It is also available in a web browser, as well as on iOS, Android and Amazon Fire TV devices among others. I used my computer to access The Roku Channel website. I was immediately asked to log in or create an account access premium subscriptions, continue watching movies where I left off, and get personalized recommendations. However, you don't need an account to stream content. I had to turn off my ad blocker before I saw anything In the previous movie, you can see that there are six ad breaks throughout the movie (1 hour, 37 minutes), which means you can expect an ad approximately every 16 minutes. For most movies, subtitles are also available. At the time of writing, The Roku Channel included some popular titles on demand, including the entire Twilight saga, How to Train Your Dragon, Hairspray, Haunted and Hoarders. Live TV channels including Now This, Tastemade, DIY Daily, TMZ and USA Today among others. Pros: Cons: You don't have to create an account to stream Content Titles on Demand and Live TV Relatively few ads compared to other free movie sites Content cannot be downloaded Premium subscriptions require paid Tubi Genres: Action subscriptions, Classics, Comedy, Documentary, Drama, Family Movies, Foreign Movies/TV, Indie Movies, Children's Programs Best For: Reality TV and Kids Shows Platforms: App (Phone/Tablet), Computer (Website), TV (App/Casting) Tubi is an ad-supported streaming service owned by Fox Corporation. You'll find thousands of movies and TV shows that you can stream legally and for free through Tubi. To get started, visit the online website or download the app using one of the following types of devices: Android, iOS, Roku, Apple TV, Amazon Fire TV, Xfinity X1, Xbox, Samsung Smart TV, Sony Smart TV, or PlayStation. For a complete list of supported devices and how to stream Tubi, visit the website. In addition to on-demand movies, Tubi offers on-demand shows from TV channels like A&E, Fox, Lifetime and more. I found several popular reality shows including The Bachelor and Dance Moms, as well as a number of old movies, including Ernest Goes to School, The Temptations and more. When I checked Tubi, I visited the online website. I didn't have to create an account to start streaming. Instead, I was able to pick a show and start watching right away. When you find a movie or show you want to watch, you can click Play to start streaming immediately. I didn't come across any ads in the videos I saw, but you can expect them to appear a couple of times throughout the movie or show. You'll need to turn off ad blocker to start streaming. Below the movie you're watching, you'll see a brief description, production details, and suggestions for titles you may also like. Pros: Cons: You don't need an account to stream content Adjustable video quality up to ads frequently HD Content can't be downloaded There is not a large selection of well-known YouTube Genres movie titles: Documentaries, comedies, action and adventure, romance, classics, horror, best drama for: Programming platforms for family and kids: App (phone/tablet), Computer (website), TV (app/casting) If you can access YouTube, you can access free videos. In addition to the original content uploaded directly by users, users, also check out a wide variety of movies available on YouTube. Although YouTube TV requires a subscription, there are selected titles that you can watch for free. To see the current selection of movies that are free, visit this YouTube page. You'll find several popular children's titles, documentaries and favorite classics. Although you won't have to create an account to browse or watch selected free movies, you may need to sign in to verify your age if the title is classified as R. Once you have chosen a movie to watch, simply click on it to start streaming. Ads work the same as in any other YouTube video, and the media player should also look quite familiar. You can adjust the subtitle, quality, and screen mode if you're watching online. Below the movie, you'll see a brief description that includes production details and user feedback. Pros: Cons: You don't need an account to stream content Short and rare tons of options for kids and movies for the whole family Not all movies are free, even with ads. Limited Selection You can't order free movies by Category Popcornflix Genres: Drama, Action, Horror, Thriller, Comedy, Romance, Science Fiction, Mystery, Family, Foreign Movies, Best Documentaries for: Standalone Movie Platforms: App (Phone/Tablet), Computer (Website), TV (app/casting) Popcornflix is a free ad-supported streaming service owned by Screen Media Ventures, which was purchased by Chicken Soup for Soul Entertainment in 2017. You'll find movies, TV shows, web series and viral videos on Popcornflix. The site mainly features independent movies, making it a great place to search for hidden gems. Once you decide on a movie or show, you can start streaming instantly after one or two previews. You won't be asked to create an account to stream media on Popcornflix, but you'll need to pause or disable any ad blockers. Ads work more like an ad you'd see while playing an online game, and you have the option to skip some ads after a short preview. Along with the video you're watching, you'll see a sidebar of options that let you see what's playing next, what others say about the video, GIFs created from the movie, and additional information about the movie. You can access Popcornflix using a web browser on your computer or with an Apple TV, iOS device, Android device, Roku device, Amazon device, or Xbox. Pros: Cons: Start streaming instantly without needing to Account Read comments from other users when they originally stayed throughout the movie You won't find many familiar titles if you're looking for popular movies/TV shows Content you can't download Vudu Genres: Comedy, Horror, Family & Kids, Action, Adventure, Classic Movies, Crime & Suspense, Drama, Best Documentaries for: Hidden Hidden Gem Platforms Hidden Formerly owned by Walmart, Vudu is now a digital video store and streaming service owned by Fandango Media. You can rent and buy Vudu movies, but you'll also find a selection of free movies and TV shows that you can stream with ads. There are 27 categories to choose from among that feature free movies and programs, including the genres listed above. You'll also find categories like star-filled favorites, most viewed movies, and hidden gems. To start watching videos on Vudu, you'll need to create a free account with your name and email address. Once you're signed in, you can instantly stream any title tagged as free with ads. When you select a movie or show you're interested in, you'll usually need to see 2-3 ads before you start. After that, you can expect ads to appear periodically throughout the video. You can choose between SD and HDX video qualities, and most titles come with closed captions. Vudu is available on Roku, Android, Apple, PlayStation and Xbox devices, as well as online through any web browser. Pros: Cons: Wide variety of free movies and TV shows My Vudu tab allows you to keep track of what you have seen/want to watch You will need an account to start streaming Content you can't download Not all movies and TV shows are free Crunchyroll Main Genres: Anime (action, Adventure, Comedy, Drama, Thriller, and more) and Drama (Chinese, Japanese, Korean and more) Best for: Anime Platforms: App (Phone/Tablet), Computer (Website) and TV (TV/Casting App) Crunchyroll is a WarnerMedia company that broadcasts anime in over 200 countries and territories. If you're an anime fan, this is the free streaming resource for you. You'll find both popular and original Crunchyroll titles available for free. I scrolled through the popular anime shows, watched more than 1,100 episodes of One Piece, more than 140 episodes of Black Clover and more than 90 episodes of My Hero Academy at the time of writing. Other popular titles include Titan Attack, Naruto and hundreds more. Most content has Japanese voice performing with English subtitles, but there are some programs that are dubbed in English. While you don't need to create an account to stream content through Crunchyroll, you'll see ads that ask you to pay for a premium subscription. Membership allows you to watch unlimited programs without ads, get access to new episodes one hour after they are released, and download programs for offline viewing. You can still stream online for free (with ads). Only note that the most recent episodes may not be available immediately. When you choose a video, you can start streaming it online instantly without having to log in. If you want to add the video to a queue to watch it later, you'll need to create a free account. I didn't have to turn off my ad blocker to get started and the ads appeared only a couple of times in a 25-minute episode. Pros: Cons: In frequent short ads throughout videos You don't have to create an account to stream Programs, manga and games are available in addition to movies New releases are only available to premium members Content cannot be downloaded unless you have a premium subscription Yidio Genres: Drama, Romance, Comedy, Action, Adventure, Kids & Family, Horror, Crime, Mystery, Best Animation For: Variety Platforms: App (Phone/Tablet), Computer (Website), TV (App/Casting) Unlike the other websites on this list, Yidio is a video aggregator that compiles links to videos and TV shows available on other streaming services. Instead of watching a media player and watching a video directly on Yidio.com, you can instantly search for titles on a variety of other platforms, including Tubi, Vudu, Crackle, The Roku Channel and over 100 more. Although you'll see videos from pay-only streaming services like Amazon Prime, Hulu, Disney+, Netflix, and others, you can filter your results by free movies or free TV shows. For most video links in Yidio, you can watch online through any web browser, with your smartphone or tablet, using a streaming media player or on game consoles. For a quick reference to which streaming services are supported by which devices, see this Yidio resource. You don't need to create an account to use Yidio, but signing up for one is free if you want to keep track of your favorites. Once you've found a video you want to watch, simply click on the title to see where it's available for free. For example, I clicked The Glow. I can see that it is available on some paid subscription services and for rent online on Amazon, Vudu and elsewhere. But it seems to be totally free via IMDb TV. Once I clicked on the play symbol next to it, I was redirected to the IMDb TV website to watch the movie for free. If you have a specific title in mind, Yidio is a great resource to check and see if it's available for free online. Pros: Cons: Thousands of movies from multiple sources, several of which are free You don't need an account to use Yidio You'll find links to movies as well as TV shows No movies available directly on Yidio, which means you'll always have to visit a second website Not all movies are available for free final thoughts Ultimately, any of these websites are worth checking if you're looking for free movies online. Yes Looking for popular names in Hollywood and hit TV shows or movies, check out Crackle or IMDb TV. If you have a library card, you can visit Hoopla or Kanopy for a completely ad-free experience. Crunchyroll is a great resource for watching free anime shows and movies, while Tubi and YouTube provide access to a large selection of movies for families and children. For live TV, check out Pluto TV TV The Roku Channel. If you're more interested in standalone movies and hidden gems, you may find something you'll enjoy in Popcornflix or Vudu. Finally, if you have a specific title in mind, check Yidio to see if it's available for free on any of these websites. No matter where you decide to watch free movies online, just make sure you're doing it legally and safely. While you may need to disable your online ad blocker or enter your email to create a free account, you shouldn't have to download anything to your computer or enter any payment information.
