According to the South African prophet of Malawi, Shepherd Bushiri, he is ready to present a little-known version of him as an author at Victoria Gardens in Blantyre, Malawi, on Tuesday, December 18. In addition to being God's man and businessman, Dr. Shepherd Bushiri is also a well-known author with, so far, 31 books to his credit. Bushiri launches his new six books in Malawi - after a successful one in Johannesburg, South Africa, three weeks ago. His spokesman Ephraim Nyondo told the Nyasa Times that Bushiri is very excited with the launch, adding: He gave all his writing to the project. Nyondo went on to say Bushiri was landing in the country on Monday and he is expected to participate in a number of charity events besides preparing for launch. In addition to religious understanding, the books contain entrepreneurship tips and more. Nyondo said Bushiri is also a well-known author with, so far, 31 books to his credit. The books he writes are spiritual revelations that he has on various topics and issues affecting our society. Using biblical wisdom and examples, his books mostly address leadership ideas and decisions in key areas such as church governance, business management and communication theory, Nyondo said. In the South African media, these books have been recognized as an inspiration tool for young people, especially when it comes to entrepreneurship. One of the books entitled Mysteries surrounding your money will certainly be a hit for Malawians. Currently, six books can be purchased from Grey Matter and Maneno bookstores in both Lilongwe and Blantyre, while efforts are also being made to ensure access to books in various parts of the country. We don't just run and sell these books. We also give these books to less fortunate people. We are also doing the same here in Malawi, said Nyondo. From agriculture, mining, telecommunications and many others, the author speaks from actual experience, not biased to religion. Tickets for the launch can be found at the intersection in Blantyre. Books: Names of God, Prophetic Codes, Prophetic Gates, Mysteries Surrounding Your Money, Sleeping Next to Art and Crafts effective communication. Prophetic is generally different from the other five-fold ascension gifts. While other ministerial gifts give a person the opportunity to stand on behalf of the people to speak with prophetic allows man to stand in the name of God, Himself. The book Prophetic Codes offers practical advice and inspiration for Christians globally wanting to see how God speaks through His prophets in today's generation. This identifies the principles and guidelines under which the ministry operates and how one can get used to prophecy. In this extraordinary book, Shepherd Bushiri uses his personal experience to substantiate the reality of how one can define God's voice and do according to the instructions of them. As one of the greatest pioneers of the prophetic in our time, Shepherd Bushiri talks about his exciting and life-changing experience of how God has called and taught him different ways of prophecy. He uses this testimony as a metaphor for what God can do for Christians who have a bold faith and a desire to claim God's prophetic promises. This prophetic guide is sure to point the way, direct church leaders on the course, offer biblical instructions and provide spiritual understanding to those seeking it. You can't read this book to stay the same! It took me a while to read this, but finally I did. First, I wonder who was Paul's spiritual father, why Jesus appeared to Paul directly and decided to teach Paul through the revelation of other spiritual fathers? The second thing that leaves me thinking is the sonhood through revelation. Meaning you can actually just spend your time presenting under the wrong father. Yoooh is hard. Also, I have to say that the book is well written. It is accurate and to the point. I like the way it took me a while to read this, but finally I did.
