Arc is a self-help author/speaker and you currently think work as IT Manager in a technology company. He also makes apps as a hustle part. Copyright Marvel Entertainment and vetmarble GamesMarvel Future Fight reminds me of the Marvel Ultimate Alliance where you can play and customize multiple characters from the Marvel universe. The game is an online dungeon crawler RPG where there are several ways to play that require you to build the right character and assemble the appropriate team. Note: I will continuously update this article in new characters and build as long as I have readers like you who needs assistance. Copyright Marvel Entertainment Doctor Strange Infinity War UniformAle my personal favorite. The Doctor Strange IW uniform has a lot of tricks on its sleeve. Apart from its ability to freeze time, which is already given. The attack abilities of this uniform can stun, tie, penetrate the barrier and hit targets. It can also heal and has immunity to all damage, plus skill reset. With all the capabilities I've mentioned, Doctor Strange IW uniform excels in different game modes from dealing with difficult levels to fight with other players. Recommended Uru: Energy AttackIgnore DefenseCritical RateCritical RateCritical DamageRecommended ISO-8 Set:Angry Power HulkorOverdriveRecommended ISO-8 Set:Angry Power HulkorOverdriveReco Defenses Cchaotic - Energy Attack and HPRecommended Gear: Guard Break Immunity, Critical Rate and Vincisor C.T.P. By Authority - With this equipment, the strange doctor will become a force to be considered in Timeline Battle. Copyright Marvel Entertainment Iron Man Infinity War Uniform Unlike his previous uniforms, this should be different approach when it comes to playing and building characters. Let's talk about its uniform effect first. It grants shield that is based on the percentage of hp Iron Man that recovers by a certain amount per second. So it should be built with HP as one of the priority statistics. When it comes to skills, Infinity War's uniform has less ignore the guidance skills than its previous predecessor, but its new high DPS skills that deal with it. So the style of play should be more of killing enemies first before you have the chance to hit yourself. Then save to ignore the targeting skill on the most critical situation. Recommended Uru: HPEnergy AttackIgnore DefenseRecommended ISO-8 Set: Drastic Density Enhancement – Grant right bonuses for this build, would be all attack and HP increase.orStark Backing - Choose tony Stark's own set if you prefer hp healing and more defenses. Recommended Stats: Powerful - All Attacks and HPRecommended Custom Gear: Double Max HP and Invincible - This custom equipment will focus more on powering the shield power. Invincible Invincible especially during chronological battles.orC.T.P. Transcendence - Choose this custom equipment if you prefer more offensive power on your Iron Man. Its all bonus attack will benefit both energy and physical damage especially the Mass Fire skill that invokes multiple illusions. Copyright Marvel EntertainmentThor Infinity War Uniform is the main choice if you want a strong balance good character. It can do great damage and has great defense with multiple sources of survival, would be immunity to all damage, guard against hits, and ignore targeting. Thor's attack can also penetrate the Barrier and are immune to all damage. This is one of the best and strongest universal character in the game.
