Defend Your Nuts is a popular game in our collection where you take on the role of a brave squirrel who won't retreat until the last enemy is killed or rejected. No one wants all their hard work stolen by and our protagonist's squirrel is no exception. Can you help him through through many challenging stages of this game and show the monsters that this is your home and they are not welcome? Enemies march towards your garden, so you have to be ready to jump straight into action. In Defend Your Nuts, your goal as a player is what it's called, to protect and defend your nuts from the waves of various undead enemies coming towards you. Don't mistake this adorable squirrel's fine fur for weakness, as it is quite capable of using different types of weapons. This game has four weapons, each with different statistics. When you first start the game, the only weapons you have are basic bows and arrows. As you kill enemies and pass levels, you can unlock more powerful weapons, such as rifles, sniper rifles, and even rocket launchers! All of these weapons require ammunition, except bows, which have an unlimited supply of arrows. To play the game, click the screen with the left mouse button to aim and charge your weapon. Release the button to shoot the enemy. You can upgrade weapons to increase their power with the money you collect from fallen enemies. You can also place walls and mines for extra protection. You have three lives in each level, and if you make it to the 20th level, you will face the boss and end this threat! Fast paced action games are one of the best examples of this genre, and here at Kizi, we have a lot of games like that. Did you check out our amazing castle defender game? You play as a little destitution that has bows and arrows and has to fight against a crowd of enemies. All the enemies are different, some of them can fly while others can move faster and do greater damage to your home. You have to secure territory and kill all enemies in waves to uncover updates, special items, and weapons. As soon as you complete the first level of the game, you will get a gun. It can also be upgraded to create more damage to the enemy. Need that as you progress in the game, you will face new enemies. Some of them might be killed with just a headshot. Try to collect all the stars and bonus points in each level of the game, because using them, you can unlock new weapons as well as items. Sometimes, you can meresque rabbits that are willing to help you. You can assign roles, according to the game For example, you can make him a defender or an attacking player. Everything now depends on you, helping the little squalath to defend the castle in the new version of Defend Your Nuts 2. 2.
