(July 2016) (Learn how and when to remove this template message) Pennacook Lodge[9] is a Chartered Order of arrow lodge for the Spirit of Adventure Council, Boy Scouts of America. It was established on January 1, 2016 as a result of the merger between its two previous lodges: Moswetuset Lodge (Medka Boston Council) and Nenfashmet Lodge (Yankee Clipper Council). The leadership structure of the Penacock Hostel follows the Penacock program. This program breaks the hostel into different blocks (similar to retail store departments) and committees. The purpose of this program is twofold: to divide the hostel into several parts to maximize our capabilities as a program, maximizing opportunities for both youth and adults to get involved in the hostel. As determined by the National Order of the Arrow Committee, all teenagers are under the age of 21. Adults are 21 years of age or older. 18-20 year olds are considered teenagers for voting in lodge business only. Otherwise, they are considered adults in the BSA program and must adhere to all BSA policies and standards just like any other adult in the program. The mission of this order of Arrow Lodge is to fulfill its goal as an integral part of the Boy Scouts of America and Spirit Council adventure through positive youth leadership under the guidance of selected talented adults. As part of the National Scout Dignity Society, our goal is to recognize those who best demonstrate the Scout oath and the law in their daily lives and for this purpose, cause others to conduct themselves in a way that warrants similar recognition. Promote camping, responsible outdoor adventure, and keeping the environment as Components of every scout's experience, in the unit, all year round, and in summer camps. Develop leaders with the willingness, character, spirit and ability to promote the activities of their units, our fraternity, scouting, and ultimately our nation. Consolidate the scouting habit of being helpful into a life-long goal of leadership in cheerful service to others.
