Usually you get a day off if you need glass. Some workers were lazy but was this review useful in any work? I've worked here for the last few winters. This review was helpful when I just worked when it snowed and sometimes it was ok to have a blizzard for some extra money for multiple days of long hours? It was fun to work outside and at our own pace without supervision. You get it all easily because it's a repeater. Was this review helpful? I worked in the Racine office and had a great experience. The leaders and other crew members treated everyone like family. Extremely wonderful experience and I enjoyed returning for the snow removal season. Was this review helpful? Poor management/disorderly/always promised a Bonus to work all hours in winter but there is always no bonus when the money comes around. Was this review helpful? Bad management is also bad at troubleshooting problems with no clockmanagement checks. Many times the check hours have been short. It took weeks to fix. Don't take full-time hours as promised. It's a great place if you want to be outdoors. If you like being out there and mowing, it could be for you. Work can be difficult, not easy! Always on your feet, if there's good teamwork, you'll be fine. Usually 4 days a week, depending on the weather with weekly payment. Work is usually a little low for the workforce from 6 a.m. to 4 a.m. or 5 p.m., which can cause problems to get all the hours in a week at Mon-Thurs.Pay. Was this review helpful?
